Required Purpose (82.2%), Technical Measure (96.1%):

Parents can also use our AI technology tools to help them provide enriching educational experiences at home (aParent AI Toolsa).

Processing (74.4%):

For instance, a coloring page could be generated based on what the parent inputs about the child's interests.

Data Source (63.8%):

How does ClassDojo protect Children's Personal Information? Please see our Children's Privacy Policy [here](#). What information does ClassDojo collect? We collect two types of information about you: (1) information that you voluntarily provide us by using the Service (described below under [Information You Provide to Us](#)) and (2) information collected automatically as a result of your use of the Service (described below under [Information We Collect Automatically](#)).

Consent (65.4%), Data Subject (85.5%), Personal Data (96.1%):

We offer a Student Data Privacy Addendum, an agreement we enter into with schools or districts that further describes our duties, responsibilities, and commitments with respect to a Student Data that we collect or receive.

Required Purpose (98.7%):

Basically, ClassDojo asks for some information directly from teachers, School Leaders, parents, Outside School Child Users and students (such as account information), and also collects some information automatically (such as crash reports when errors occur) in order to provide you with the best possible ClassDojo experience.

Retention (63.2%):

[Information You Provide To Us](#) We ask for and collect the following personal information about you when you use the Service.

Contract (60.9%), Legitimate Interest (92.4%), Required Purpose (94.4%), Retention (84.3%):

When we act as a Controller, this information is necessary either for the adequate performance of the contract between you and us, for our legitimate interest in being able to provide and improve the Service, or to allow us to comply with our legal obligations.

Required Purpose (90.0%):

Without it, we may not be able to provide you with all the requested services.

Data Subject (77.6%):

District authorized users may also use ClassDojo with certain features available at the district level ([a District User](#)).

Data Subject (85.9%):

Only authorized parents and guardians connected to the school can see these posts.

Data Subject (89.5%):

Our use of the information set forth below is described in the section [How Does ClassDojo Use the](#)

Information it Collectsa There are currently seven categories of users on our Service: teachers, School Leaders, Admins, District Users, parents and guardians, students, and Outside School Child Users.

Personal Data (99.5%), Required Purpose (78.8%):

We describe the information collected from students and Outside School Child Users in our Childrenas Privacy Policy; for other users, we collect and store the following types of information from each type of user: School Use Account Sign-up and Profile Information:A To create a ClassDojo account as a teacher, School Leaders, Admin, District User or parent, you may be asked to provide some basic information such as your first and last name, email address, telephone number, password, date of birth, relationship to a child (e.g.

Legitimate Interest (78.0%), Personal Data (90.8%):

For clarity, while it is ClassDojoas obligation to comply with COPPA as a whole, we rely on schools to provide consent under COPPA by acting as the agent of the parent, but only after providing the school with the required notices set forth here.

Personal Data (99.2%):

parent, grandparent), and an optional profile photo.

Personal Data (84.1%), Required Purpose (97.7%):

As a teacher, school leader, or Admin, you may be asked to upload a copy of your school ID as well to help us verify you and to enhance our security.

Required Purpose (94.7%):

If you have any questions, weare here to help.

Data Subject (76.4%), Processing (86.1%):

You can see past versions of this policyA hereA in our privacy center.

Third Party (98.5%):

Additionally, this information may be provided to ClassDojo through a third party service provider (e.g.

Processing (99.2%):

Edlink) collecting this information directly from the district or school through the districtas SIS as instructed and allowed by that district.

Processing (77.9%):

If an account uploaded to ClassDojo from the SIS is then subsequently removed from the SIS, it will also be removed from ClassDojo.

Legal Basis (98.7%), Personal Data (98.4%), Processing (98.8%), Required Purpose (84.1%):

You acknowledge that ClassDojo may disclose your name, email and mobile number to third parties in connection with the processing of identity or account verification, fraud detection or as may otherwise be required by applicable law.

Processing (97.3%):

For a list of what logged in student users and Outside School Child Users information can be viewed by other logged-in ClassDojo users, please see our [FAQ](#).

Personal Data (97.7%), Required Purpose (88.3%):

If you are using the Service as a teacher, School Leader, Admin or parent or guardian, we may ask you for permission to collect and store your precise geolocation information to help us identify schools located nearby for you, including to help connect your parent account to your child's school (e.g., our [Find a Teacher](#) feature) or to help us protect and secure your account and the Services (e.g.

Required Purpose (89.1%):

to prevent suspicious accounts).

Personal Data (92.9%), Processing (98.9%):

This location data is only temporarily captured and not stored beyond the initial search request for schools near the user and is not viewable by other users.

Processing (99.2%):

Learn more about our current [collaboration features](#) and what information may be collected and shared from teachers, School Leaders, Admins, students and parents and who can view these stories [here](#).

Personal Data (99.4%):

Class Information and School Directory: As a teacher, School Leader, or Admin, you enter the grade level of your class, the first and last names of the students in your class or school, class name (or list of class names), school name and location, and may optionally enter their parents' name and email addresses or phone numbers in order to invite parents.

Personal Data (91.4%):

School Information and Collaboration Features: If you are a teacher, School Leader, or Admin, as part of the profile information you provide, you may choose to associate your account with an existing school or may enter a new school name and possibly your school's address if we do not have it already.

Personal Data (95.5%):

When the Student Account is created in the classroom, the Student Account will be associated with

a school and the school location as well as the class and the class's grade.

Personal Data (99.6%):

When teachers or school leaders graduate a class, all students (along with their connected parent and their contact information) in the class get moved to a Graduated Students section in the School Directory.

Retention (84.6%):

Teachers or School Leaders can choose to remove them from the school at this point, after which they will no longer be visible to anyone in the school, but will still remain on our servers until a deletion request is made by the appropriate School Leader.

Processing (95.8%):

You can visit the ClassDojo Privacy Center to learn more about how we protect your privacy, or send us an email at privacy@classdojo.com.

Personal Data (99.2%), Processing (77.0%):

When a parent seeks to join the class through the proactive parent flow or through a class link shared by a teacher, they will be able to see the first name and last initial of some students in that class to help them select the right student to connect to.

Personal Data (86.9%):

We will collect and store the email and phone numbers you provide with these requests and will also treat this as personal information in accordance with this Privacy Policy.

Consent (68.3%), Personal Data (97.5%):

We may also ask you for access to the contacts on your mobile device to prevent you from having to enter contact information for those invitations you send through our application and may store these contacts from your address book.

Required Purpose (96.1%), Technical Measure (80.9%):

Dojo for Districts: A centralized dashboard for managing staff rostering and SSO information, retrieving messaging records, district level announcements and messaging, analytics on school usage and accessing ClassDojo customer support at the district level.

Data Subject (78.9%):

Parent profiles may be viewed by other teachers, school leaders and school admin in the same school as well as parents connected to the school or class; however, no parent, or student or Outside School Child Account profile is made available or visible to the general public through the functionality of our Service.

Non-Personal Data (73.8%):

Certain information may be provided to ClassDojo by the teacher, school admin, or School Leader, such as the interest, name, and the number of teachers at their school.

Data Subject (77.5%):

This information is also made available to other teachers, school admins, and School Leaders verified in the school and is used by ClassDojo to provide extra services (such as early access to new products or swag), and support regarding the Services in product and through email.

Personal Data (95.9%):

In addition, we use a third party service provider to help schedule meetings with our Districts team, which may collect contact information as well as certain cookie information as set forth in their cookie notice.

Personal Data (85.5%):

District Users can also send broadcast messages (that do not display parent names - e.g.

Personal Data (84.0%), Processing (95.2%):

As a teacher, School Leader, Admin, or parent or guardian, your first and last name (or last initial only if you choose) and profile photo and your connected child's first name and last initial may be displayed to the teacher as well as the people with whom you are messaging, including through ClassDojo Messaging.

Consent (82.9%):

Parents can only view their own child's Feedback Points (if elected to be shown by their child's teacher) and Portfolios, not those of any other students.

Required Purpose (97.4%):

We will collect and store messages from ClassDojo Messaging and any content sent with the messages (e.g., photos or videos), to provide the Service, and for ClassDojo Messaging, to help teachers, ClassDojo Admins, and School Leaders keep a log of their communications with parents.

Personal Data (95.6%):

Teachers', Admins', and School Leaders' profile pictures and last name will be visible to others if they post or comment on Class or School Story.

Processing (98.8%):

We combine Class and School Story posts (which may include the child's name, class details, and photos) into a unified single feed for authorized Admins, including School Leaders.

Processing (93.4%), Required Purpose (97.9%):

This consolidated information is used by School Leaders to enable more visibility into school activities, including to track, monitor and engage with school activities effectively.

Personal Data (91.1%), Processing (62.5%):

A teacher (or parent) may choose to select certain photos of their students (or child/children) previously posted on their students' (or child's) Class Stories to be included in digital photo albums called Dojo Photobooks.

Personal Data (92.8%):

They can also add posts to a Class Story, and a School Story.

Non-Personal Data (81.8%):

We will send these selected photos as well as class details (e.g., class year, grade level) about the student to a service provider to create Dojo Photobooks.

Non-Personal Data (71.2%), Scale Non-EU (70.1%):

explore, build, and play certain games) and interact with other children (including their classmates of the same grade level) inside of the classroom (a Class Island).

Personal Data (91.9%):

Alternatively, teachers, Admins or School Leaders can also upload a document, image, or spreadsheet to the Service (including through using the AI Productivity Tool) with the student's first and last names, and a list of the student's parents, or choose students from the A School Directory if they are already in a class within the school.

Personal Data (62.8%):

School leaders also play a meaningful role on ClassDojo.

Personal Data (94.1%):

User Generated Content (photos, videos, photographs, documents or audio files): A Teachers, School Leaders and parents may upload photos, videos, and other content, including content that may contain personal information and can be viewed by others, on the Service, for example, on Class Story or School Story, through Class Dojo Messaging, Portfolio Comments and Premium Features.

Processing (85.2%):

Once a teacher publishes such Activities, they can be viewed by their students, other teachers connected to their class, and by other teachers that ClassDojo may share with pursuant to the A Terms of Service (unless a teacher opts-out), but they will not be viewable by the general public.

Consent (63.1%):

If the teacher chooses to display totals to the class, other students in the class may be able to see each other's aggregated totals (but not individual feedback points).

Automated Decision Making (80.4%):

For all students, Feedback Points older than 12 months are automatically deleted (or de-identified and anonymized) on a rolling 12-month basis (and associated comments will be deleted automatically after 12 months).

Non-Personal Data (85.2%):

Teachers can also participate on the Class Island and we will collect activity and progress information, including their avatar, any monster parts or other virtual items unlocked or acquired, levels completed, building activities or other accomplishments, ClassDojo's fictional currency earned or spent, and social connections (e.g.

Personal Data (64.4%):

AI Tools: A teacher may choose to provide inputs (which may include personal information about their student, such as their name, class participation details, or homework responses) to the ClassDojo teacher AI Classroom Tools to generate various school-related content or outputs, such as Class Story posts, messages, assessments, thank-you notes, and report card comments.

Required Purpose (80.6%):

ClassDojo may also use certain AI Tools for its own internal use (a ClassDojo Internal AI Tool) to provide features such as enhanced account security.

Personal Data (98.4%):

If a parent signs up for the Dojo Tutor Services or ClassDojo Additional Services using their ClassDojo account, ClassDojo may share and use the parent's ClassDojo Services login credentials (e.g., ClassDojo email address, user name) and their child's name (and possibly other limited fields of Student Data or personal information of the child that the parent allows) to pre-populate the parent's Dojo Tutor Services or ClassDojo Additional Services profile.

Processing (99.4%):

As a parent, you can also invite others to join the Service, including to allow for sharing of your purchased Premium Features (once the family member has joined ClassDojo).

Personal Data (61.3%):

This Privacy Policy applies solely to the ClassDojo Services and does not apply to the informational website located at <https://www.classdojo.com> (the aClassDojo Website) nor does it apply to the Dojo Tutor product located at <https://tutor.classdojo.com> (aDojo Tutor Website) as well as the areas of the Dojo Tutor Website where users login to use the Dojo Tutor platform (the aTutor Platform), or any Dojo Tutor mobile applications (the aDojo Tutor App) (collectively, the aDojo Tutor Service(s)).

Non-Personal Data (60.6%), Processing (76.2%):

While the child's personal information (e.g., name) and tutoring information (e.g., tutoring assessments) will be linked and accessible in both the parent's ClassDojo Additional Services, Dojo Tutor Services and ClassDojo Services accounts, the child's Student Account information on ClassDojo will remain separate and viewable only through the parent's ClassDojo Services login, ensuring that school information remains segregated and separate from non-school information.

Non-Personal Data (66.5%):

Dojo Tutor Information: Additionally, certain Dojo Tutor tutoring information, such as tutor assessments, feedback and other session information (e.g.

Required Purpose (67.2%):

Out of School Use Account Sign-up and Profile Information: For details on what information we collect from a parent or guardian for the creation of their personal account for use of ClassDojo outside of school (for use not in connection with school purposes) (aOutside School Account), please see the aAccount Sign-up and Profile Informationa information in the School section above.

Personal Data (97.2%):

No child's full name is shown by ClassDojo (unless the parent later opts to disclose).

Required Purpose (86.2%):

enhanced reports), sending push notifications or other in-app notifications to the child and for internal analytics on product usage.

Personal Data (76.8%):

We do not collect any credit card information directly from parents to purchase Premium Features, however we may receive, from our payment processor, the last four digits of your credit card to search for specific transactions in case we want to issue a refund or other related customer support assistance.

Consent (70.2%):

Additionally, parents may elect to turn on a Premium Feature that allows them to know if a teacher has read their messages and may similarly receive a read receipta telling them the teacher has read the message.

Processing (97.9%):

ClassDojo will ensure that such persistent identifiers are not used for unauthorized purposes outside of support for the internal operations (as that term is defined under COPPA) through training, data access and data segregation and storage.

Non-Personal Data (90.7%), Personal Data (81.6%):

ClassDojo may collect and process your child's voice recording from your child's device

microphone (e.g.

Automated Decision Making (90.0%):

through an iPad or Chromebook) in order to provide our automated speech recognition (aASRa) services.

Automated Decision Making (60.5%):

Dojo Sparks: If a child's parent has given parental consent, their child, using their Outside School Child Account, may use our alearn to read features using speech recognition.

Personal Data (61.6%):

session recordings) (aDojo Tutor Information) may be shared at the direction of the parent to their child's teacher with the parent's approval to the main ClassDojo Services (aDojo Tutor Information Sharing).

Processing (74.9%):

For more information on how long these are retained, please see [A here](#).

Processing (80.8%):

Note that these reports within Family Chat and Family Communities will not go to the school and the school (or district) will not have access to these messages or posts (unless separately invited to join as an individual community user).

Personal Data (88.4%), Retention (86.9%):

ClassDojo will separately retain the voice recordings for a limited time period as well as the ASR analysis performed by the service providers as set forth in our Children's Privacy Policy.

Non-Personal Data (66.3%), Not Required Purpose (68.5%), Required Purpose (72.9%):

We further limit the use of the ASR data by the third party service provider to provide the ASR service to ClassDojo for your child and would not allow this service provider to use this ASR data to improve their product or train ASR models.

Required Purpose (95.0%):

Data That May Be Collected in Either School or Outside School Use Surveys: Your responses to surveys that we or our service providers might ask you to complete for internal research purposes and product improvement.

Non-Personal Data (94.5%):

the username, the content being reported (including a screenshot of the reported content or incident), the reason for reporting, and may also collect the timestamp, relevant class or school information (such as class name, teacher's email, and school verification status)).

Required Purpose (97.4%):

This information is used to investigate the report (e.g. assess and address offensive content), and to keep the platform safe and secure.

Personal Data (88.1%):

Contact Information and Correspondence with ClassDojo: As a user of the Service, you may choose to provide us with your personal information, such as a name, email address, and telephone number.

Required Purpose (87.2%):

Some examples include when you send us an email asking a question, communicate with customer support, participate in a video testimonial about our Service, or choose to participate in any research efforts, including a customer feedback session with ClassDojo to improve the Service.

Personal Data (87.9%), Required Purpose (70.5%):

We collect records and copies of your correspondence (including email address and messages) when contacting us for support.

Required Purpose (69.5%):

When you send us a message using the Contact Us page or via email, the email addresses and phone numbers collected are not further used to market to the individual beyond providing the services requested or responding to the requests.

Processing (82.2%):

such as through a report abuse button) for conduct or safety issues, ClassDojo collects the information provided in the report (e.g.

Required Purpose (92.2%):

User Testing: We may conduct Zoom-recorded playtests and interviews to gather insights on new ClassDojo features like Dojo Islands.

Non-Personal Data (68.1%), Personal Data (92.7%):

To that end, we may collect minimal information from the individual participating that is needed for the tests, including name and email address, device-specific information (as noted below), test session details (e.g., interaction data and feedback from participants), communication contents, general location, Zoom recordings, and related product and event logs.

Non-Personal Data (62.3%):

In addition, we will collect messages from District Users, as well as product and event logs that take place within this dashboard.

Non-Personal Data (92.9%), Personal Data (98.2%):

Zoom may also collect the following from the device: information about the speakers, microphone,

camera, OS version, hard disk ID, PC name, MAC address, WiFi information, and other device information (like Bluetooth signals).

Retention (90.6%):

We retain the data only as needed, and delete the recordings from Zoom after 14 days, but may retain the recordings on our servers (or elect to have Zoom retain these) for as long as necessary to conduct the internal analysis or as allowed by law.

Automated Decision Making (66.6%), Non-Personal Data (66.8%), Technical Measure (84.7%):

Information We Collect Automatically When you use the Service, we (or our service providers) may use various technologies that automatically record or collect certain information, including personal information from your browser or your device about the services you use and how you use them.

Non-Personal Data (74.1%):

The types and amounts of information collected will vary depending on whether you are signed up as a teacher, School Leader, District User, Admin, parent or guardian, student or Outside School Child User and how you use ClassDojo (e.g., if teachers join their school, we may need to collect school address information).

Required Purpose (85.6%):

In certain cases, we may also process this information to enable us to comply with legal obligations.

Personal Data (67.9%):

For example, this could include the frequency and duration of your visits to ClassDojo (similar to TV ratings that indicate how many people watched a particular show).

Processing (94.6%):

This policy applies whether you login to use ClassDojo through <https://www.classdojo.com> (the aClassDojo Platform), our mobile applications (the aClassDojo App), or any of our other products or services that link to this Privacy Policy that ClassDojo, Inc.

Required Purpose (98.3%):

If you use ClassDojo on different devices, we may link the information we collect from those different devices to help us provide a consistent Service across your different devices.

Required Purpose (90.5%), Technical Measure (97.9%):

The technologies and information we automatically collect include: Cookies and other similar technologies: We (or our service providers) may use cookies or similar technologies to identify your browser or device.

Technical Measure (82.5%):

Please read our [Online Tracking Technologies Policy](#) for more details, including how to modify

your cookie settings and a list of the tracking technologies we use.

Technical Measure (97.5%):

Local storage: A We may also use, collect, and store information and preferences locally on your device using mechanisms such as browser-based web storage (including HTTP cookies and HTML5) and application data caches.

Processing (91.6%):

Where we are directly responding to requests from parents or legal guardians, the school would not be acting as the agent of the parent - such as when the parent is using our Premium Features or uses ClassDojo not connected to a school.

Required Purpose (96.1%):

Like many services, ClassDojo (or our service providers) uses both local storage and cookies and other similar technologies to analyze trends, gather demographic information about our users, understand your engagement with the Service, administer the Service, tailor the Service for you, and to help the Service work better for you - for example, by remembering your language preferences or other information so that you will not have to re-enter it during the next time you visit the Services.

Non-Personal Data (98.8%), Personal Data (98.6%), Required Purpose (97.4%):

Device information: A We collect device-specific information such as your device type, device brand, operating system, hardware version, settings file and software names and types, battery and signal strength, device token (to send push notifications) and device identifiers (including unique device IDs).

Non-Personal Data (97.1%), Personal Data (81.9%):

We may also collect device event information such as crashes, system activity, browser type, browser language, the date and time of your request and referral URL.

Non-Personal Data (98.6%), Retention (90.0%):

Mobile application information: A The information about your installation (for example, the operating system type and application version number) may be sent to ClassDojo when you install or uninstall that application, such as when you install the ClassDojo App, when you open the application, or when that application periodically contacts our servers, such as for automatic updates.

Non-Personal Data (83.5%), Required Purpose (97.1%):

Additionally, we may receive application state and crash log information which will help us debug and improve the ClassDojo App.

Personal Data (88.5%), Required Purpose (99.6%):

Examples of what is associated with these logs include things like: Telephone log information like

your phone number and SMS routing information IP address Feature used Email We may use your IP address and share it with service providers to help diagnose problems with our servers, for security purposes, to manage the Service, to enhance the Services based on usage pattern data and for analytics and for advertising.

Consent (82.8%), Data Subject (64.5%), Personal Data (86.5%):

For non-student users (as well as Outside School Child Users), personal information associated with your account will be kept until your account is deleted or until we no longer need the information to provide the Service, whichever occurs first.

Personal Data (97.0%), Required Purpose (84.9%), Third Party (98.9%):

Third party sharing of IP address information for analytics and advertising is not allowed for student and Outside School Child Users.

Retention (91.9%):

We automatically delete IP address tracked in server logs after six months.

Personal Data (98.3%):

Location information: A When you use our Service, we may collect and process information about your geographic location, for example, based on your IP address.

Personal Data (93.0%):

We collect both coarse (i.e., city-level) location data and precise location data.

Personal Data (89.3%):

If we request precise geolocation information (a precise meaning sufficient to identify street name and name of city or town) from you we ask for your explicit opt-in permission.

Personal Data (94.9%):

We never request precise geolocation data from students or Outside School Child Users.

Non-Personal Data (87.8%):

camera model, lighting conditions, and location (if enabled)) this can contain location data (and may contain precise location data).

Processing (86.1%):

We strip all EXIF data, including the location information, from the photo before it is viewed by other users (e.g., the person receiving a message).

Consent (78.0%), Organisational Measure (66.2%), Personal Data (66.8%):

We will not store or track your precise device location on an ongoing basis or without your permission.

Required Purpose (96.3%):

We do not share precise geolocation data with third-parties, other than our service providers as necessary to provide the Service or for security and safety purposes.

Personal Data (86.2%):

If you no longer wish to allow us to track your precise location information, you may opt-out at any time by turning it off at the device level.

Personal Data (96.5%), Required Purpose (97.6%):

Cross-device collection: To provide users with a seamless online experience, we may link your identifiers on different browsers and environments you are using, such as with our syncing technology, DojoCast.

Required Purpose (83.3%), Technical Measure (98.0%):

We may also work with third-party partners to employ technologies, including the application of statistical modeling tools, which permit us to recognize and contact you across multiple devices.

Non-Personal Data (77.8%):

Product events: As users interact with the product, we collect product events about how the product is being used (e.g., the number of points given, which reports are viewed, which features are used, which buttons are clicked, load time, etc.).

Non-Personal Data (86.4%), Processing (81.8%):

For all points (Home Points or Feedback Points in school) and the reports generated that show these points, we also collect product events (e.g., the number of points given, skill, which reports are viewed, etc.). These Home Points are only viewable by the connected parent account(s) and the child using their Outside School Child Account and are not viewable by the child's teacher or other students.

Non-Personal Data (76.5%):

Users can utilize either the ClassDojo Apps or the ClassDojo Platform - if multiple devices are used, they will all sync with each other.

Required Purpose (98.2%):

This information helps us make decisions about what we should work on next - for example, by showing which features are most (or least!) popular and to send notifications to a device (such as push notifications if the user opted in) to encourage the user to finish an activity or start the next activity.

Required Purpose (99.1%):

These are collected to provide the Services, including for internal analysis on product usage and quality.

Required Purpose (86.0%):

We may also use it to track progress in the Service, and for sending push or email notifications to the parentas, teacheras, or studentas device to encourage them to take certain actions in the ClassDojo Service.

Personal Data (99.1%):

Our product event logs may also include unique device IDs and IP addresses.

Required Purpose (98.4%), Technical Measure (96.0%):

A Basically, We collect some information from you automatically (and additionally useA cookiesA and other similar technologies to collect information) so that we know when things go wrong, or to help us understand what parts of ClassDojo need some improvement.

Consent (72.4%):

If we need to request street-level (aprecisea) geolocation data from you as a teacher, school leader, or parent, weall ask for your explicit, opt-in consent.

Required Purpose (64.4%):

Information Received from Third Party Sources We may also obtain information, including personal information, from third-party sources to update or supplement the information you provided or we collected automatically.

Non-Personal Data (91.6%):

This may include aggregated anonymous information or certainA personal informationA that may be provided to us (e.g.

Personal Data (81.4%):

We will not collect survey information of Student or Outside School Child Users under 13.

Legal Basis (96.2%):

Local law may require you to authorize the third-party to share your information with us before we can acquire it.

Required Purpose (92.9%):

How Does ClassDojo use the information it collects?First and foremost, you should know that ClassDojo does notA sellA or rent any of your, or your childasA personal informationA to any third-party for any purpose a including for advertising or marketing purposes.A Third-party advertisingA is not permitted on areas where users are required to log in to ClassDojo and personal information collected from students and Outside School Child Users is never used for behaviorally-targeted advertising to students or children (by us or third-parties).

Processing (82.0%):

For additional information on our retention periods, see [here](#).

Processing (97.5%):

ClassDojo commits that its collection, use, retention and sharing of personal information shall be reasonably necessary and proportionate to achieve the purposes for which the personal information was collected or processed and for the purposes disclosed in this Privacy Policy and Information Transparency Chart and that the personal information will not be further processed in a manner incompatible with these purposes.

Legal Basis (71.6%):

We use your personal information only when we have a valid legal basis to do so.

Required Purpose (99.3%):

The information we collect from non-students and non-Outside School Child Users is used to: Power Our Services: This includes operating, providing, enhancing and improving the Service, for example, by developing new products and features, and personalizing or customizing the Service for you.

Consent (77.8%), Organisational Measure (82.0%), Required Purpose (92.8%):

Additionally, ClassDojo does not allow OpenAI, Anthropic, or any other LLM or AI third-party service provider it may utilize to use any information (personal information or de-identified) to train, improve or develop their artificial intelligence models.

Organisational Measure (63.5%), Required Purpose (92.6%):

This includes using for internal audits and review, for analyzing how the Services are used, providing statistics about the usage levels of the Services, and diagnosing service or technical problems.

Consent (85.2%), Required Purpose (99.1%):

Process Your Transactions: To fulfill your requests and provide any information you request, such as responding to your emails, submissions, questions, comments, requests for information or customer support or for event registration, scheduling, or attendance; for any other purpose for which the information was collected (e.g., fulfilling Premium Features orders), or for which you provide your consent (if required).

Required Purpose (99.2%):

Communicate with You: To send you information about features on our Service or changes to our policies and Service or communicate with you about your use of the Service, your account, or transactions with us.

Required Purpose (94.7%):

We may also send you security alerts, and support and administrative messages and otherwise

facilitate your use of, and our administration and operation of the Service (including notifying you of data privacy incidents).

Personal Data (99.7%):

Personal information is never shared with third-parties in connection with this unless you have explicitly opted-in.

Required Purpose (94.2%):

Additionally, we may communicate with you in order to notify and contact contest and sweepstakes entrants.

Required Purpose (92.4%):

Request Your Participation in Surveys or Focus Groups**. ** To request your participation in ratings, reviews, surveys, focus groups, or other initiatives which help us to gather information used to develop and enhance our products and Services.

Required Purpose (83.0%):

Security and Fraud Prevention: Most crucially, to protect our community by making sure the Service remains safe and secure, such as by detecting, investigating and preventing activities that may violate our policies or be illegal.

Required Purpose (99.5%):

We may also use information we hold to enforce our Terms of Service.

Legal Basis (77.7%), Required Purpose (65.8%):

Comply with Law: To comply with applicable law a for example, to satisfy tax or reporting obligations, or to comply with a lawful governmental request or notify you of data privacy incidents when legally required.

Automated Decision Making (87.1%), Required Purpose (99.1%):

We use automatically collected information (described in the "Information We Collect Automatically" section above) to provide and support our Service, and for the additional uses described in this section of our Privacy Policy.

Required Purpose (67.8%):

To learn more about how we use your information for personalization and tracking, please see the [Online Tracking Technologies Policy](#).

Automated Decision Making (73.0%):

We do not use algorithms for profiling or to otherwise make any decision based solely on automated processing or AI that would significantly affect you without the opportunity for human review (aAutomated Decision Makinga).

Legitimate Interest (83.6%):

When acting as a Controller, we process this information given our legitimate interest in improving and protecting the Service and our users' experience with it, taking into consideration your interests, rights, and expectations.

Legal Basis (99.4%), Legitimate Interest (80.3%):

Depending on the circumstances, we may also rely on your consent or the fact that the processing is necessary for the adequate performance of the contract with you, to protect your vital interest or those of other persons or the Service, and to comply with applicable laws.

Legitimate Interest (96.3%), Required Purpose (71.6%):

Additionally, when acting as a Controller, we will process your personal information for the purposes listed in this section related to marketing and promotional communications given our legitimate interests in offering you products and services that may be of interest to you.

Required Purpose (99.6%):

We use your information to provide and personalize the Service to you, optimize and improve our Service, communicate with you about our Service, and for security and safety reasons.

Required Purpose (98.9%):

We may also use the information provided by parents, teachers, and school leaders to provide information about events, announcements, offers, promotions, products, including third-party products that we recommend, and services we think will be of interest to you.

Processing (98.2%):

Please keep in mind that information (including personal information) or content that you voluntarily disclose to others - including to other ClassDojo users you interact with through the Service (such as messages you might send other users or other teachers and School Leaders you collaborate with) - can be viewed, copied, stored, and used by the people you share it with.

Third Party (84.5%):

For example, when as a teacher or parent you share a Big Ideas activity on Twitter or Facebook, or as a teacher you provide third party links or integrations for your students, these services receive the information that you share through this functionality and information that you are sharing from ClassDojo.

Required Purpose (85.2%), Third Party (88.5%):

Service Providers: We do work with vendors, service providers, and other partners to help us provide the Service by performing tasks on our behalf.

Scale Non-EU (77.2%):

Teachers outside of the school will not have access to the School Directory or see individuals outside of the class.

Scale EU (79.6%):

These service providers may be located inside or outside of the European Economic Area (aEEAa).

Required Purpose (98.5%):

We may need to share or provide information (including personal information) to them to help them perform these business functions, for example sending emails on our behalf, database management services, database hosting, providing customer support software, and security.

Required Purpose (96.6%), Third Party (90.4%):

Social Media Platforms: Where permissible according to applicable law, we may share certain limited personal information with social media platforms (such as Google or Facebook) and other websites, applications or partners, to generate leads, drive traffic to our websites or otherwise market and recommend our products or services on those websites or applications (this will never include personal information of students or Outside School Child Users).

Third Party (89.0%):

Additionally, teachers may choose to allow students to log in on the Service using an Authentication Service, such as through their Google for Education or other Google Accounts (aGoogle Login(s)a).

Required Purpose (93.7%):

We may also share certain personal information (never of student or Outside School Child User) with social media platforms and other websites to ensure that these individuals are not marketed to on these platforms.

Legitimate Interest (83.5%), Required Purpose (94.8%):

These processing activities, when we are acting as a Controller, are based on our legitimate interest in undertaking marketing activities to offer you ClassDojo products and services that may be of your interest.

Processing (99.6%), Third Party (66.6%):

However, because these social media platforms are ultimately separate companies from ClassDojo, any questions regarding how your social media platform processes your personal information should be directed to such provider.

Required Purpose (99.6%), Technical Measure (88.3%):

Analytics Services: We use analytics services, including mobile analytics software, to help us understand and improve how the Service is being used.

Non-Personal Data (81.9%), Required Purpose (89.4%):

These services may collect, store and use information in order to help us understand things like how often you use the Service, the events that occur within the application, usage, performance data, and from where the application was downloaded.

Non-Personal Data (93.7%), Personal Data (99.5%):

Aggregated Information and Non-Identifying Information: As allowed by applicable laws, and in compliance with our Student Data Protection Addendum, we may share aggregated information (information about our users that we combine together so that it no longer identifies or references an individual user) and otherA de-identifiedA or non-personally identifiable information (such as statistics about visitors, traffic and usage patterns) with third parties, including with users, partners or the press in order to, for example, demonstrate how the Service is used, spot industry trends, assist third parties in understanding our usersa interest and usage patterns, or to provide marketing materials for ClassDojo.

Legal Basis (73.6%):

Legal Requirements: We may disclose information, including personal information, if we have a good faith belief that doing so is necessary to comply with the law, such as complying with a subpoena, or other legal process.

Required Purpose (83.4%):

This includes, without limitation, responding to law enforcement and government requests and defending ourselves against third-party claims and allegations.

Legal Basis (87.6%), Required Purpose (66.2%):

Where appropriate, we may notify users about the legal requests, unless (i) providing notice is prohibited by the legal process itself, by court order we receive, or by applicable law; (ii) we believe that providing notice would be futile, ineffective, create a risk of injury or bodily harm to an individual or group, or create or increase a risk of fraud upon ClassDojo, its users or the Service.

Authority (72.9%), Required Purpose (72.1%), Scale Non-EU (73.8%):

Data Privacy Framework, Swiss-U.S.

Required Purpose (95.1%):

Fraud and Security Protection: We may share information to assist with security operations for scheduled penetration testing, auditing, and continuous improvement of our security practices, including without limitation, exchanging information with other companies and organizations for fraud protection.

Required Purpose (60.1%):

Authorized parties of the information would comply with our current privacy and security policies.

Third Party (60.4%):

We may share your personal information with affiliates such as a parent company, subsidiaries, joint venture partners, or other companies that we control or that are under common control with us, in which case we will require those companies to agree to use your personal information in a way that is consistent with this Privacy Policy.

Organisational Measure (71.2%):

We will provide you with notice of an acquisition within thirty (30) days following the completion of such a transaction, by posting on our homepage, or by email to your email address that you provided to us.

Organisational Measure (66.0%):

If you do not consent to the use of your personal information by such a successor company, subject to applicable law, you may request its deletion from the company.

Consent (83.7%):

With your consent: Other than the cases above, we won't disclose your personal information for any purpose unless you consent to it.

Required Purpose (89.8%):

More information on how the Service operates is located [here](#).

Legal Basis (92.0%):

We share some information with service providers who help us provide you with the Service and like companies that help us send emails, for example, or if we have to to comply with the law.

Third Party (74.5%):

Additionally, you may choose to share information with other users of the Service or to third-parties that are integrated on our Service.

Organisational Measure (65.6%), Processing (76.1%):

The safety and security of your personal information also depends on you and you should maintain good internet security practices.

Organisational Measure (77.0%):

We work hard to protect our community, and we maintain reasonable administrative, technical, and physical security procedures and practices appropriate to the nature of the personal information designed to protect personal information from unauthorized or illegal use, destruction, disclosure, or access.

Organisational Measure (79.1%), Personal Data (73.3%), Processing (68.1%):

In particular: Our engineering team is dedicated to keeping your personal information secure. We

perform application security testing; penetration testing; conduct risk assessments; and monitor compliance with security policies. We periodically review our information collection, storage, and processing practices, including physical security measures, to guard against unauthorized access to systems. Whenever we develop new features, we do in a manner to keep your personal information safe. We encourage enhanced security with multi-factor authentication and Single Sign-On (SSO). We will challenge for additional authorization (including MFA) when our systems detect atypical activity. When you enter any information anywhere on the Service, we encrypt the transmission of that information using secure socket layer technology (SSL/TLS) by default. ClassDojo's databases where we store your personal information are encrypted at rest.

Personal Data (65.8%), Technical Measure (76.1%):

We ensure passwords are stored and transferred securely using encryption and salted hashing.

Technical Measure (95.8%):

In addition, the hosting facility provides a 24x7 security system, video surveillance, intrusion detection systems, and locked cage areas.

Retention (88.3%):

We automatically delete inactive student accounts and Outside School Child Accounts after a specific period of time, as per our retention policy, described in the [How Long Does ClassDojo Keep Children's Information?](#) section.

Required Purpose (64.4%):

We restrict access to personal information to authorized ClassDojo employees, agents or independent contractors who need to know that information in order to process it for us, and who are subject to strict confidentiality obligations and may be disciplined or terminated if they fail to meet these obligations.

Required Purpose (84.4%):

Although we make concerted good faith efforts to maintain the security of personal information, and we work hard to ensure the integrity and security of our systems, no practices are 100% immune, and we cannot guarantee the security of information.

Organisational Measure (90.3%):

If we learn of a security breach, we will attempt to notify you electronically (subject to any applicable laws and school reporting requirements) so that you can take appropriate protective steps; for example, we may post a notice on our homepage (www.classdojo.com) or elsewhere on the Service, and may send email to you at the email address you have provided to us.

Organisational Measure (75.5%):

When you enter personal information anywhere on the Service , we encrypt the transmission of that information using SSL by default.

Retention (86.9%):

How long does ClassDojo keep information about me?We retain the data we collect for different periods of time depending on what it is, how we use it, and how you configure your settings.

Retention (74.9%):

You can read more about ClassDojoasA data retention periods, including how long it takes us to delete your information here.

Retention (97.7%):

Non-Student Users We store yourA personal informationA for as long as it is necessary to provide the Service to you and others, including those described above.

Legal Basis (65.2%), Retention (72.4%):

We determine the appropriate retention period for personal information on the basis of the amount, nature and sensitivity of the personal information being processed, the potential risk of harm from unauthorized use or disclosure of the personal information, whether we can achieve the purposes of the processing through other means, and on the basis of applicable legal requirements (such as applicable statutes of limitations).

Retention (65.4%):

SeeA hereA for more information on all useras rights, including about any additional rights you may have depending on the jurisdiction you reside in.

Retention (90.1%):

The time periods for which we retain your personal information depend on the purposes for which we use it.

Retention (94.6%):

Personal information associated with your account will be kept until your account is deleted, unless we no longer need the data to provide products and services, in which case we will delete prior to you deleting your account.

Required Purpose (97.8%):

Please note that even if your account is deleted, messages sent between teachers and parents are retained to assist schools with various recordkeeping or compliance obligations.
