Privacy & Cookies In compliance with all applicable privacy laws (including the new GDPR) we inform you about how we collect and use your personal data.

Personal Data (72.3%), Technical Measure (96.8%):

Please keep in mind that even very small things like ip, device id and cookies are considered personal data under the new GDPR law.

Consent (82.6%), Processing (61.2%):

There are however a few EXCEPTIONS: Free apps that need to work with some personal data, because it is needed for its main purpose: Sound To Number: it requires permission to record sound.

Processing (99.2%):

However it does not store/send recorded sounds outside.

Personal Data (99.3%):

Image Contacts: it requires phone data to be able to link images with your contacts.

Required Purpose (63.7%):

What personal data we collect and why we collect it Our ad-supported free apps will only (indirectly) collect minimum personal data in the form of cookies because is required by Google AdMob in order to obtain basic (NON-PERSONALIZED) advertisement banners for you.

Non-Personal Data (89.3%), Processing (91.1%):

Google Admob will receive small things like your device id, timestamp, ip and some basic information obtained from the context of your device because at this moment it seems to be necessary for Google to handle such things, even at the NON-PERSONALIZED mode.

Required Purpose (93.8%):

If you want to use our ad-supported free apps then you must accept that such apps require cookies in order to display basic advertisement through Google AdMob.

Organisational Measure (74.0%):

If in the future Google Admob releases a cookieless mode then we guarantee you that we will set that mode immediately.

Recipient (90.1%), Third Party (79.1%):

What apps require some personal data Almost all our FREE apps require some minimum personal data because Google Admob advertisement requirements.

Third Party (90.0%):

However, at this moment, Google gives no option there for publishers.

Consent (78.4%):

If you choose to use any of our free app (with ads) then you should also agree with Google AdMob Policy.

Processing (98.8%):

No personal data of any kind will be transfered in paid apps.

Legal Basis (76.4%):

Watching advertisement is not mandatory in order to enjoy our apps, as required by law.

Right (64.5%):

You now have the power to choose what version you prefer.

Required Purpose (94.6%):

Only Google AdMob will store and handle your data, and they do it because they need that to give an advertisement service with a minimum quality, and it is also required to avoid fraud at their side.

Processing (80.4%):

Who we share your data with (In case you use any of our ad-supported free apps) Our free apps (through Google AdMob api) will transfer a minimum amount of your data directly to Google.

Personal Data (67.6%), Processing (91.9%):

How long we retain your data (In case you use any of our ad-supported free apps) As said before, we dont retain your data.

Art. 17 Right to erasure (right to be forgotten) (69.0%):

Sonia Fernandez del Saz General support and legal owner at this moment.

Personal Data (82.2%):

Note: All the free apps listed above do NOT require any kind of personal data, not even cookies.

Processing (86.6%):

As said before, we are not the ones storing any personal data here and we are afraid we have no real power over Google.

Required Purpose (70.2%):

Then 2 persons left the group... Nowadays we are a family business of 2 persons: Daniel Pena Vazquez developer, technical contact and maintener of all the BlackDevelopers apps.
