-1.The data we collect -1.1.Input data As a data-driven application for scheduling employees, we
offer our users the ability to enter a wide range of employee data, though none of this is mandatory.

Non-Personal Data (90.9%), Personal Data (98.4%), Processing (97.4%):

The data collected includes employee names, email addresses, phone numbers, job titles, departments, dates of birth, payroll IDs, shifts times, salaries, pay rates, day rates, time off, time off allowances, and timesheets.

Data Subject (81.2%), Personal Data (82.9%), Required Purpose (64.6%):

Home Features Pricing Help Demo Log in Create a schedule Employee scheduling Our drag & drop scheduler is fast, quick to learn and free for small teams.

Personal Data (87.7%):

Reporting and payroll Track employee hours and their costs in real-time using the data generated by your work schedule.

Non-Personal Data (64.8%):

Time off management Manage time off easily with online requests, assistant managers, notifications and allowance tracking.

Consent (90.5%), Non-Personal Data (82.6%), Personal Data (97.7%), Processing (91.9%):

As employees log in and use the service, they too have the option to provide data - such as timesheets, clock in/out times, shift requests, cancellations, time off requests, notice board messages, notification preferences, and profile pictures.

Non-Personal Data (79.0%), Personal Data (95.3%), Processing (95.6%):

Top -1.2.Metadata Aside from the data that users knowingly provide, we also record metadata, such as IP addresses, URLs, timestamps, and information about the user's browser.

Processing (90.4%), Required Purpose (89.1%):

This data is typically used for auditing and security purposes.

Consent (85.1%), Personal Data (85.1%), Processing (89.0%):

Sensitive metadata (such as an employee's latitude/longitude, or photographs of employees as they clock in/out) is only recorded if the employee consents.

Organisational Measure (77.3%), Processing (66.7%), Technical Measure (95.5%):

Top -1.3.Cookies Findmyshift also uses a number of cookies to function, however all users can view which cookies we use and adjust their privacy settings at any time to opt-out of some non-essential cookies.

Processing (89.2%):

Top -1.4.Reasons for collecting data For Findmyshift to be of value as a scheduling tool, it is necessary for data to be collected and stored.

Required Purpose (66.2%):

Without data, Findmyshift would not be able to maintain an employee list for a manager, forecast labor costs, display schedules, or send notifications to employees about when they are working next.

Required Purpose (88.8%):

Findmyshift only ever uses your data within its software platform for the purposes of scheduling, reporting and communication.

Legal Basis (98.3%), Processing (98.5%):

Findmyshift - Privacy policy Last updated: 1/25/2021

- 1.The data we collect
 - 1.1.Input data
 - 1.2.Metadata
 - 1.3.Cookies
 - 1.4.Reasons for collecting data
- 2.GDPR compliance
 - 2.1.The lawful grounds for collecting data
 - 2.2.How long do we store your data?

Processing (77.8%):

None of the data we collect about you is ever shared, sold, profiled, or used for any sort of marketing.

Consent (86.8%), Contract (69.1%), Legal Basis (93.2%), Processing (82.2%), Required Purpose (95.8%):

There are six in total, but we only rely on the following lawful grounds:the data we collect is necessary for the correct performance of the contract between Findmyshift and its users, such as the delivery of services via the Findmyshift platform, invoicing the user, and being able to respond to requests from users; in some cases, we are under a legal or regulatory requirement to process certain types of data, for example for tax purposes; in other cases, we have requested your explicit consent to collect and process certain types of data.

Organisational Measure (78.8%), Personal Data (63.8%):

Top -2.3.Safeguarding the data we collect Safeguarding customer data is one of Findmyshift's highest priorities, and we go to extensive lengths to ensure data is kept private in transit, in our systems, and in our backups.

Processing (97.1%), Technical Measure (80.8%), Third Party (92.7%):

To keep your data private in transit, we enforce mandatory SSL connections, making it impossible for any third party to view the data you are transmitting.

Automated Decision Making (73.8%), Personal Data (99.3%), Processing (80.0%):

To prevent personal data from being stolen, it is always encrypted (automatically and in real-time) before it is stored.

Processing (74.7%):

And similarly, all passwords are salted and hashed before they are stored, so the actual password can never be read.

Organisational Measure (71.2%):

The following table shows the various privacy and security measures taken during different stages of the data lifecycle within Findmyshift.

Privacy during transit:Findmyshift ensures that all interactions between end-users and our services are done using the Secure Socket Layer (SSL) or Transport Layer Security (TLS) standard cryptographic protocols.

Privacy during storage:Findmyshift ensures that all personal data is encrypted when stored within its service.

Backups:Findmyshift ensures that

all data backups are also encrypted before being replicated for redundancy. Two-factor access controls: Findmyshift offers end-users the option to enable two-factor authentication on their account. Secured network: Findmyshift provides a high level of network security with intrusion detection, active server monitoring, rate limiting, firewalls, dynamic IP blacklists, mandatory SSL and more.

Data Controller (69.1%):

Top -2.4. Data relating to children Data controllers may not use Findmyshift to process the personal data any individual under the age of 16.

Personal Data (96.2%):

Sensitive data includes a person's racial origin, ethnic origin, political opinions, religious or philosophical beliefs, trade union membership, genetic data, biometric data, data about their health, data about their sex life or sexual orientation, criminal convictions, and criminal offences and their related security measures.

Contract (89.8%), Processing (94.0%):

On occasion (and only when necessary) data may be transferred to a third country if: the third country has been deemed by the EU Commission to ensure an appropriate level of protection, or; the recipient of the data guarantees an acceptable level of data protection in accordance with EU standard contractual clauses for the transmission of personal data, or; there are other safeguards in place that permit such a transfer.

Data Controller (72.6%):

We only keep your data for as long as it is necessary for the purposes indicated above.

Legal Basis (95.9%):

Top -2.7. Sharing data with third-parties We do not share any data with third-parties unless the third-party is involved in the delivery of the service, is GDPR compliant and we have a sub-processor agreement in place, or we are required to share the data by law.

Third Party (64.0%):

The third-party sub-processors we currently work with are: Service Providers Hosting and data storage Google, Inc.

Personal Data (98.2%), Processing (86.8%):

Top -3.2. Correcting your data Employees can log in to add, edit or remove their first names, last names, phone numbers, email addresses, dates of birth, and contact preferences.

Data Controller (68.1%):

If data controllers have employees that are under the age of 16, they must anonymise the data

before entering it in to Findmyshift.

Personal Data (99.7%), Processing (94.9%):

Anonymizing an employee's profile will replace their first name and last name with initials, remove their date of birth, profile picture, email address, and their mobile and alternate phone numbers.

Personal Data (94.8%), Processing (91.7%):

Anonymizing an employee's profile will not remove data entered in any custom columns, so it's important to manually check and remove any personal data.

Consent (79.1%):

Once there are no more schedules/teams in an owner's account, a "Delete my account" option will appear on your "Account" page.

Processing (93.0%):

Privacy policy This privacy policy was last updated on Monday January 25th, 2021 and can be printed or downloaded as a PDF.

Art. 18 Right to restriction of processing (72.4%):

Top -3.5.Objecting to the processing of your data If Findmyshift is processing your data on behalf of a data controller and you would like to object, you can request that we stop using this form.

Personal Data (91.2%):

Once you submit your request we will send you an email to verify your email address.
