Data Controller (72.2%), Data Source (77.3%), Personal Data (94.4%), Processing (99.7%), Recipient (64.4%):

NYU MyChart is hosted through a service provider, Epic Systems Corporation (Epic), which processes patient information not collected through NYU MyChart, such as information contained in your electronic medical record at your doctors office.

Legal Basis (98.9%), Processing (87.6%):

Such patient information may be viewable through NYU MyChart and may be considered protected health information, as governed by the Health Insurance Portability and Accountability Act and applicable state law.

Personal Data (99.4%):

Note that because NYU MyChart is hosted through Epic, certain features on NYU MyChart may be subject to Epics privacy policies, which you should review separately to understand how Epic may

process your personal information.

Consent (81.5%), Processing (96.1%), Required Purpose (76.8%):

information we collect information you submit We, and our vendors, may obtain personal information that you provide to us directly, for example, data you submit when you complete forms, fill out questionnaires, schedule in-person or telehealth video call appointments, request prescription refills, add or change pharmacies, add personal notes, enroll in research studies, send messages to your care team, or make payments through NYU MyChart.

Personal Data (99.4%):

Personal information we, and our vendors, collect may include your nickname, account credentials, email address, phone number, insurance coverage information (including insurance card photos), vaccine documentation, health-related information, and payment processing information.

Consent (95.8%), Technical Measure (97.9%):

Information We Collect Through Tracking Technologies In addition to any personal information or other information that you choose to submit through the NYU MyChart, we and our vendors use a variety of tracking technologies that collect certain information whenever you interact with NYU MyChart.

Non-Personal Data (85.6%), Personal Data (97.3%), Required Purpose (86.4%):

This type of usage information may include the device you are using, your IP address, device ID, other unique identifier, geolocation, crash analytics, all of the areas within NYU MyChart that you visit, and the time of the visit.

Technical Measure (70.1%):

If you submit the personal information of another person, you represent that you have obtained the authorization from that person to submit such personal information to us.

Processing (66.3%), Required Purpose (89.2%):

We may use GPS (global positioning systems) software, geo-filtering, and other location-aware technologies to locate you, sometimes precisely, for purposes such as verifying your location and delivering or restricting content based on your location.

Personal Data (62.7%), Required Purpose (75.8%):

Our clinic location feature may access and use information about your device location to suggest appropriate clinic locations.

Processing (72.4%), Required Purpose (96.5%):

Additionally, you may change your preferences regarding our Appointment Arrival feature, which uses your phones location to notify front desk staff when youve arrived.

Data Subject (83.0%), Required Purpose (80.9%):

You may use your device settings to change your geolocation preferences.

Required Purpose (98.6%), Third Party (74.8%):

We may use 3rd party vendors to perform analytics services in order to facilitate the maintenance of the website and understand the use of website features in order to develop new features.

Required Purpose (95.3%):

The services these vendors provide to us are for the purposes of understanding how the website is used, whether the website is working, and what features and functions could be improved.

Processing (97.6%), Third Party (98.9%):

We may combine certain information we collect through tracking technologies with other information we obtain about you, which may include data we obtain from third parties.

Personal Data (78.7%), Third Party (72.8%):

We or third parties, including our vendors, may collect personal information about your online activities over time and across different online services when you use NYU MyChart.

Data Subject (73.8%), Required Purpose (98.9%):

how we use the information we collect We use your information for many purposes, such as to: (i) provide various products or services to you, including by processing your payments; (ii) analyze trends and conduct research about improving our products and services; (iii) provide support and respond to questions from customers and NYU MyChart users; (iv) improve NYU MyChart, products, or services; (v) learn about users needs; (vi) contact users for research, informational, and marketing purposes; (vii) track traffic patterns and NYU MyChart usage; (viii) provide customer service; (ix) correlate information with other commercially available information to identify demographics and preferences to assist us in our marketing efforts; (x) provide specific relevant marketing, promotional, or other information to you; (xi) address information security and/or privacy issues, network functioning, and troubleshooting; (xii) investigate claims and/or legal actions, violations of our policies and procedures, and compliance with relevant applicable laws and legal process; (xiii) comply with applicable laws, regulations, or legal process as well as industry standards and our company policies; or (xiv) prevent, investigate, identify, or take any other action with regard to suspected or actual fraudulent or illegal activity, or any activity that violates our policies.
