

Art. 16 Right to rectification (65.3%), Data Controller (94.9%), Non-Personal Data (92.7%), Personal Data (78.1%), Retention (67.0%), Right (68.7%), Third Party (66.7%):

RADARBOT PRIVACY POLICY At ITERATION we care about your privacy.

Non-Personal Data (61.5%), Personal Data (79.1%), Processing (99.1%), Required Purpose (87.4%), Retention (77.3%):

The purpose of this privacy policy is to be transparent and help you understand what information we collect, why we collect it and how we manage your information.

Personal Data (90.7%), Processing (99.5%):

Who is responsible for processing your data?

Authority (77.0%), Data Controller (89.2%), Data Source (73.1%), Non-Personal Data (79.3%), Personal Data (89.7%), Processing (94.5%), Required Purpose (90.1%):

At ITERATION we process the information you provide us in order to offer you the RADARBOT services described in the Terms and Conditions of Use.

Processing (98.6%), Required Purpose (85.4%), Third Party (92.2%):

Through our advertising partners, we can also offer you advertising according to the information that you provide or we collect through the use of RADARBOT.

Processing (99.4%):

When you use any of the services offered by RADARBOT, information is collected regarding the use thereof and the device on which it is installed.

Processing (99.0%), Required Purpose (80.3%):

Another data controller provides us your information so you can use our services.

Processing (96.9%), Required Purpose (99.3%):

All the collected information is used to maintain and improve the quality of the provided service.

Required Purpose (97.5%):

Thanks to this information, RADARBOT can offer customised services, improve the app and solve operating errors.

Data Controller (89.3%), Required Purpose (98.3%):

We also use your information to communicate with you through messages containing information about updates, promotions or news pertaining to the app.

Consent (64.1%), Personal Data (82.3%):

In the event you do not approve our requests to use some or all of your personal data, it is possible that some of the functions or services of RADARBOT may not be available.

Non-Personal Data (84.2%), Processing (99.5%):

Information About App Usage When installing the app on your device, the app collects information about your usage and the device on which it is installed.

Non-Personal Data (97.9%), Personal Data (99.2%):

For example: app usage frequency, usage time, device type and model, unique identifiers, language, operating system version, battery usage, and IP address.

Non-Personal Data (95.7%):

We also collect crash reports and performance information.

Required Purpose (99.1%):

All collected information is used to maintain and improve the quality of the service provided.

Required Purpose (98.3%):

Thanks to this information, ITERATION can offer a personalized service, make improvements to the app, and fix operational errors.

Required Purpose (99.0%):

We also use your information to communicate with you by sending messages about updates, promotions, or news related to the app.

Legal Basis (79.4%), Processing (98.0%), Third Party (95.4%):

Under no circumstances do we sell the collected data, nor do we share it with third parties unless required by law.

Processing (85.3%), Required Purpose (84.9%), Technical Measure (98.9%):

ITERATION uses the following third-party software to collect usage information: Services provided by Google Inc.: Google Analytics for Firebase: We use Google Analytics to collect information about app usage.

Technical Measure (84.0%):

Google Analytics may share data with other tools provided by Firebase, such as Crash Reporting, Authentication, Remote Config, or Cloud Messaging.

Personal Data (96.7%), Required Purpose (64.6%):

Firebase Performance Monitoring: We use Firebase Performance Monitoring to measure app performance and make optimizations that enhance user experience.

Required Purpose (79.0%):

Firebase Remote Config: We use Firebase Remote Config to conduct A/B tests and validate or compare results on changes or improvements applied to different user populations of the app.

Processing (69.9%):

Messages can be sent to individual devices, device groups, or specific segments.

Non-Personal Data (79.6%):

We can obtain statistics on how users interact with our notifications (e.g., number of messages opened or conversion events related to the message).

Non-Personal Data (82.4%):

Firestore Cloud Messaging: We use Firestore Cloud Messaging to send messages and notifications to app users.

Processing (90.2%), Required Purpose (87.0%), Technical Measure (98.0%):

See Google's privacy policy for more information: <https://www.google.com/policies/privacy> Services provided by other companies: Facebook Analytics: We use Facebook Analytics to track and analyze marketing channels related to Facebook.

Required Purpose (87.9%):

This helps us achieve better results when conducting marketing campaigns aimed at obtaining new app downloads.

Required Purpose (88.8%):

It also helps us understand how users interact with the app.

Personal Data (89.6%), Required Purpose (94.6%):

See Facebook's privacy policy for more information: <https://www.facebook.com/about/privacy> Information You Share with Us This includes data you voluntarily share with us, such as your email address, age, gender, username, or any profile information that helps us provide a more personalized experience.

Required Purpose (99.3%):

We use your data to send you news, statistics, and any additional information related to the services.

Legal Basis (84.6%), Required Purpose (99.0%):

We may also use the email address you provided (within the limits of applicable legislation) to send you promotions and marketing actions.

Personal Data (92.0%), Third Party (94.4%):

We will not share your contact information with any third party.

Personal Data (97.8%), Processing (80.5%):

Location Information To the extent that ITERATION offers services with registered location data and you use such services, ITERATION may collect and process your location data to provide location-based services.

Consent (86.0%), Personal Data (83.5%), Processing (67.8%), Right (91.6%):

Your GPS location will not be accessed without your consent.

Required Purpose (82.7%):

ITERATION may use ANONYMOUS location information (impossible to associate with users) to make it available to partners and any third party.

Non-Personal Data (81.1%), Personal Data (95.2%), Processing (96.1%), Recipient (72.7%),

Required Purpose (97.9%):

For example, GPS information (location, speed, GPS signal accuracy, direction, date, and time) received from your mobile device may be provided to navigation companies, telecom operators, traffic companies, map publishers, etc., in aggregated or anonymous form to help improve their services and resolve issues.

Processing (76.1%):

Whenever ITERATION makes location data available to third parties in accordance with this privacy policy, it will always be in an ANONYMOUS form.

Organisational Measure (73.6%):

Most browsers and devices provide predefined means to disable geolocation tracking.

Consent (77.4%):

If the user has given explicit consent, the app can receive information about their actual geographic location.

Processing (84.5%):

If you do not wish to receive more notifications, simply click on the corresponding link in the emails or write to us at support@iteration-mobile.com.

Personal Data (92.4%):

Specifically, the app uses your GPS location for the purpose of: Alerting the USER, based on their location, of possible traffic alerts such as: speed cameras, user alerts, dangerous traffic points, controlled traffic lights, and/or any traffic incidents useful for the app user.

Required Purpose (74.0%):

Notifying new traffic alerts.

Personal Data (89.5%):

Our servers receive the type of alert, location, date/time, and your device identifier.

Processing (95.0%), Retention (95.4%):

This information is temporarily stored on our servers until the alert is no longer active.

Processing (70.8%):

If, for any reason, you do not want RadarBot to exchange data, you should turn off the app.

Non-Personal Data (82.4%):

Information on "fail-safe" mode ONLY if you have selected the "fail-safe" mode, during this period, we may collect and analyze specific technical data related to the use of the app on the authorized device.

Non-Personal Data (90.4%), Required Purpose (66.5%):

Collected Data: Only the strictly necessary data to identify and resolve errors will be collected, such as crash logs, device information, and app usage details.

Data Processor (65.2%), Processing (98.2%), Required Purpose (98.3%):

Purpose: This data will be used exclusively to debug the application, improve its performance, and ensure an optimal user experience, and will be analyzed by the technicians developing RadarBot.

Legal Basis (77.3%), Processing (72.0%):

Data Protection: The collected data will be treated confidentially and in accordance with GDPR regulations.

Consent (84.3%):

We will not share this information with third parties without your explicit consent.

Retention (84.2%):

Duration: The debugging mode will remain active only for the time necessary to identify and correct the detected technical issues.

Retention (93.1%):

Data Archiving: We will store the data for up to one month.

Required Purpose (66.6%), Retention (79.6%):

This data will be used to find a problem, and once the issue is resolved, it will be deleted from the systems.

Right (85.4%):

Your Rights: You have the right to access, rectify, delete your data, and object to its processing.

Right (90.7%):

To exercise these rights or if you have any questions about the processing of your personal data, you can contact our team at dpo@iteration-mobile.com.

Data Protection Officer (67.7%), Personal Data (96.5%):

Data Protection Officer: Sec&Tech4all 2023, S.L DPO: dpd@iteration-mobile.com Why do we process your personal data?

Consent (79.6%):

The data subjects consent: you have consented to one or more specific processes.

Required Purpose (87.2%):

Legitimate interest: when the processing is done within the framework of the relationship with you so we can offer you customised services.

Required Purpose (72.7%):

Execution of a contract: when we have a contract with you and need data to establish that relationship.

Legal Basis (68.6%):

Legal compliance: when processing data is necessary in order to comply with the laws and regulations in force.

Personal Data (99.5%):

Identifying data: Common personal data may include personal identification data, such as your name, address, e-mail address, telephone number, photograph, date of birth, IP address and other similar information classified as basic.

Processing (62.9%):

Browsing data: These data are sent anonymously so they cannot be traced back to the identifying data.

Non-Personal Data (63.6%), Personal Data (71.3%):

The data we collect include: latitude, longitude, time, GPS accuracy, speed and direction of movement.

Required Purpose (97.7%):

Usage data: These data are sent anonymously to improve the services we provide.

Non-Personal Data (97.5%):

We collect the following data: the location where the app is downloaded, frequency of app use, time of use, device type and model, unique identifiers, language, operating system version and battery use.

Non-Personal Data (81.2%), Personal Data (78.8%), Required Purpose (94.0%), Technical Measure (65.7%):

To help us improve our service we collect the following information on an anonymous basis: Operating System, BluetoothName, Carrier Code (Android only), Carrier Name, Sim Code, Charging Status, Device Model, Device Manufacturer, Country, Locale, Bundle ID, Date & time, SSID (network), BSSID (network), Latitude, Longitude, Accuracy (GPS), Scanned networks.

Processing (98.1%), Required Purpose (95.1%):

In addition to helping us to measure the usage of our app this anonymous information is shared with

third parties for their business purposes, including the creation of reports, market, scientific and statistical research and trend analysis.

Required Purpose (66.1%):

One of these third parties is Huq, data shared does not contain information from which users can be identified and we will not provide additional information to such third parties that enables such third parties to identify you.

Non-Personal Data (89.6%):

Appsflyers Privacy Policy Amazon Web Services (Processor) Type of data: Identifying, usage and browsing.

Contract (68.6%), Legal Basis (66.3%), Third Party (92.5%):

If ITERATIONS processors, technological partners or advertising partners process information outside the EU, such data would fall under the Privacy Shield, binding corporate regulations and contractual clauses.

Contract (86.9%):

Because we have a contract in force with you.

Data Controller (60.9%):

In the case of data controllers, you must consult their privacy policies to know exactly what they do with the data you provide them.

Personal Data (72.7%):

Everyone has the right to receive confirmation as to whether ITERATION is processing their personal data.

Art. 16 Right to rectification (91.1%), Art. 17 Right to erasure (right to be forgotten) (73.7%), Data Subject (69.0%):

Data subjects have the right to access their personal data, as well as request the rectification of any inaccurate data or, where appropriate, request same be omitted when, among other reasons, the data are no longer necessary for the purposes for which they were collected.

Required Purpose (69.6%):

For filing claims and lawsuits.

Data Subject (63.4%):

Under certain circumstances, data subjects may request the processing of their data be limited, in which case we will only store same for filing or defending against claims.

Legitimate Interest (79.6%):

ITERATION will cease to process the data, except where there are compelling legitimate reasons

and for filing or defending against potential claims.

Legitimate Interest (61.0%), Required Purpose (64.4%):

Your exercise of these rights is subject to certain exceptions for public interest reasons (for example, the prevention and detection of crimes) and for our own interests (for example, maintaining legal advice confidential).

Lodge Complaint (68.9%):

If you are not satisfied with how we use your information or with our response to your exercising any of these rights, you can file a claim before the Spanish Data Protection Agency (Agencia Espanola de Proteccion de Datos www.agpd.es).
