TELUS Health MyCare Privacy Commitment

TELUS HealthSkip to contentSkip to searchPersonal Business Health Agriculture & Consumer Goods Social Impact EN BC Solutions News & Resources Support TELUS Health MyCare Privacy Commitment Effective as of October 30, 2024 Key updates:

We've made some important updates to the TELUS Health MyCare Privacy Commitment to reflect the removal of the HealthCheck and Monitor features.

Data Subject (88.4%), Personal Data (99.8%), Scale Non-EU (64.8%):

We are passionate about the protection of your Personal Information and Personal Health Information and committed to respecting your privacy.

Consent (90.9%), Organisational Measure (64.7%), Personal Data (90.5%), Processing (99.8%):

If you do not want us to collect, use or disclose your Personal Information or Personal Health Information in the ways identified in this Privacy Commitment, you may choose not to use TELUS Health MyCare Services. Details We have developed this Privacy Commitment to provide you with specific details about how TELUS Health MyCare collects, uses, discloses and stores your Personal Information, which includes your Personal Health Information, when you use the TELUS Health MyCare app, visit our website at www.telus.com/mycare , visit one of our physical clinics, or otherwise interact with us.

Authority (64.5%), Legal Basis (90.9%):

This Privacy Commitment reflects the requirements of applicable Canadian privacy legislation, including provincial and federal privacy laws, and our own continuing commitment to privacy.

Consent (90.7%), Organisational Measure (94.6%), Processing (99.1%):

By accessing or using our Services, you consent to the collection, use, disclosure and storage of Personal Information in accordance with this Privacy Commitment. Definitions The following definitions apply to this Privacy Commitment.

Data Subject (80.4%):

You - An individual who uses, or registers to use, our Services.

Personal Data (98.6%):

Medical Record - A record of your Personal Health Information.

Data Source (77.6%), Data Subject (77.5%), Non-Personal Data (68.9%), Personal Data (99.3%), Processing (93.7%), Recipient (76.1%), Required Purpose (92.1%), Third Party (87.7%):

This may include but is not limited to: the name(s) of your Healthcare Practitioner(s) at each visit; patient identification (i.e., name, address, phone number, personal health number, contact person in case of emergencies) and a medical history; any photos you upload for use by your Healthcare Practitioner records of examinations carried out by Healthcare Practitioners and clinical notes for each patient encounter; requisitions for treatment or investigation; consents to treatment obtained in writing; records of treatment you receive from Healthcare Practitioners through our Services; reports of investigative procedures and reports of the results of laboratory, pathology, consultations, diagnostic imaging examinations or tests; diagnoses; and a record of missed and/or cancelled appointments.

Personal Data (68.7%), Third Party (85.2%):

Healthcare Practitioners Practitioners that provide or assist in the provision of healthcare through our Services, which may include physicians, nurse practitioners, registered nurses, psychologists, dietitians, and mental health therapists.

Legal Basis (76.0%), Non-Personal Data (61.1%), Personal Data (92.7%), Processing (99.8%):

Personal Health Information - Any Personal Information regulated under applicable health privacy legislation in the provinces in which we operate, including information that relates to an individual's physical or mental health and healthcare including health history, the provision of healthcare to the individual, payments or eligibility for healthcare, healthcare provider, substitute decision-maker, health card number or other healthcare-related personal identification numbers, or any other information that is collected in the course of providing health services to the individual, including information contained in your Medical Record.

Personal Data (94.9%), Processing (95.9%), Required Purpose (89.6%):

Personal Information - Any information about an identifiable individual, other than business contact information used to contact the individual in their business or professional capacity.

Personal Data (87.0%):

Your Medical Record excludes your TELUS Health MyCare account profile.

Consent (76.7%), Data Controller (96.1%), Processing (69.8%):

Our Privacy Commitment and practices are consistent with the 10 Fair Information Principles, and we strive to apply the principles of Privacy by Design in the development and review of our products and services.

Data Controller (65.9%):

TELUS Health MyCare - In this Privacy Commitment, the words "we", "us", "our" or "TELUS" refer to TELUS Health Solutions Inc.

Personal Data (93.6%):

Accountability In most provinces, TELUS Health MyCare has overall responsibility for protecting the privacy of your Medical Records and other Personal Information that we collect about you through your use of the Services, and we are directly accountable to you.

Scale Non-EU (79.1%):

Details Consultations with Healthcare Practitioners are available in British Columbia, Ontario, and Quebec.

Scale Non-EU (63.4%):

In Alberta, your healthcare providers, such as your physician, have overall responsibility for the privacy of your Personal Health Information and TELUS Health MyCare assists them with that responsibility.

Consent (91.4%), Legal Basis (97.4%), Processing (83.0%):

More precisely, in Alberta, TELUS Health MyCare collects, uses, and discloses Personal Health Information on behalf of healthcare providers who are custodians, as defined in the Alberta Health Information Act.

Scale Non-EU (97.2%):

When using TELUS Health MyCare Travel, consultations with third-party Healthcare Practitioners are available in all 50 United States of America.

Legal Basis (88.8%), Third Party (99.1%):

Our third party provider is considered a covered entity under the Health Insurance Portability and Accountability Act.

Art. 15 Right to access by the data subject (63.6%), Personal Data (68.8%), Processing (94.7%), Required Purpose (89.2%):

TELUS Health MyCare is a healthcare platform that enables individuals to access clinical healthcare services and tools to help manage their healthcare through a mobile app and our physical clinics.

Consent (92.5%), Contract (79.6%), Organisational Measure (75.5%):

Consent When you access or use our Services, you consent to our collection, use, disclosure, and storage of your Personal Information as described in this Privacy Commitment. You can withdraw your consent at any time, subject to limited restrictions. Details When you use our Services, you consent to our collection, use, disclosure, and storage of your Personal Information in accordance

with this Privacy Commitment. You can withdraw your consent to the collection, use and disclosure of your Personal Information, subject to our legal or contractual restrictions.

Consent (69.4%), Required Purpose (81.5%):

However, if you refuse to provide certain information or withdraw your consent, this may limit our ability to provide you with certain Services, products and functionalities.

Art. 17 Right to erasure (right to be forgotten) (70.4%):

You can close your app account at any time.

Organisational Measure (86.5%):

In accordance with your instructions, we will close your account or delete your Personal Information promptly, and we will confirm with you by email when this is completed.

Processing (80.0%), Retention (89.1%):

If you close your account or request deletion of your Personal Information, we may retain certain information to meet our legal or regulatory obligations; for example, Personal Information that forms part of your Medical Record must be retained for a period of time to meet legal and regulatory obligations.

Consent (86.5%):

If you are 16 or older, you may use your own account with permission from the parent.

Personal Data (98.3%), Processing (89.2%), Required Purpose (99.6%), Retention (82.2%):

Collection and Use of Personal Information We collect only the Personal Information required for us to establish and maintain a responsible healthcare and service relationship with you, to provide our Services, and to develop, enhance or market our products and services (including to send you relevant information about products and services that may be of interest to you), and to maintain and improve the security and functionality of the TELUS Health MyCare website and app. We collect Personal Information to set up an account for you on the TELUS Health MyCare app so that you can access and use the TELUS Health MyCare health-related services, including: Consultations with Healthcare Practitioners, virtually or in person When you book a consultation with a Healthcare Practitioner, we collect your health card number and/or payment information.

Required Purpose (95.8%):

We also collect other information from you as you use our TELUS Health MyCare website or app: App usage information Website and device information Cookies We may use Personal Information to send you relevant marketing messages.

Personal Data (97.2%), Required Purpose (91.6%):

Details By creating an account with TELUS Health MyCare, you will have access to consultations

with Healthcare Practitioners through video and audio conversations and related healthcare and administrative support services (i.e., prescription services, laboratory requisitions, etc.), as well as other tools to help you manage your healthcare through the app.

Personal Data (98.0%), Required Purpose (89.4%):

We only collect and use Personal Information for the following purposes: To establish and maintain our relationship with you TELUS Health MyCare Account Creation: In order to use the Services that are available through the TELUS Health MyCare app, you will need to download the app and create an account by providing your first and last name, email address, province of residence and a password that you select.

Personal Data (98.7%), Required Purpose (91.6%):

If you are using the app as part of a benefit program provided by your employer, we also collect your date of birth and employer code at the time of registration in order to validate your eligibility to participate in your employers benefit program.

Personal Data (94.8%):

Creating an account is required to use the app as it enables TELUS Health MyCare to provide you with accurate and relevant information based on your Personal Information and records of your previous interactions with the app, such as your interactions with the health-related tools described below, healthcare consultation summary, and prescription history.

Personal Data (89.8%):

Authentication: Once your account is created, you may use biometric authentication or device password to access the app.

Processing (97.5%), Required Purpose (87.1%):

The app will retrieve tokens saved in your devices secure storage to authenticate your access.

Personal Data (98.8%), Scale Non-EU (78.4%):

Identity Verification and Confirmation: At the time of booking your first appointment with a Healthcare Practitioner in Canada, you will be required to verify your identity and provide details such as your address, phone number, date of birth, and sex assigned at birth.

Required Purpose (98.0%):

We verify your identity in order to prevent someone from creating an account in your name and to help prevent fraud, including public healthcare fraud.

Personal Data (83.5%):

In British Columbia, Ontario, and Quebec, you can verify your identity in the app by providing a photo of your government-issued identification (either driver's license, passport, or

government-issued photo identification card) and a real-time selfie photo.

Personal Data (87.5%), Processing (97.7%):

We use a third-party service provider who matches the photo on your identification card to the selfie you upload and validates the authenticity of the selfie and identification card provided.

Personal Data (86.6%):

When you visit a physical clinic in person, you may be required to verify your identity by presenting your government-issued identification (either provincial health card, drivers license, passport, or government-issued photo identification card).

Scale Non-EU (87.6%):

For example, you may need to provide your address while in the United States.

Data Subject (66.7%):

The Care Coordinator who answers your call may ask who your wireless carrier is for eligibility reasons.

Personal Data (82.7%), Required Purpose (95.5%):

To provide health-related services and tools to you Healthcare Consultations in Canada: You will need to provide information about your current health condition and health history when booking a consultation appointment in the app and directly to Healthcare Practitioners, including any relevant photos you choose to provide on an optional basis, in order to enable TELUS Health MyCare to provide you with healthcare.

Required Purpose (92.6%):

This information will also be used to complete and update your Medical Record.

Required Purpose (96.3%):

The TELUS Health Chief Medical Officer and Medical Directors of our TELUS Health MyCare clinics may review Healthcare Practitioners work to ensure they are meeting the high standard and quality of care expected of them.

Scale Non-EU (73.3%):

When using TELUS Health MyCare Travel in the United States you will have access to consultations with Healthcare Practitioners through telephone conversations.

Personal Data (93.1%):

Real-Time Telephone Conversations in the United States: Where you wish to have a telephone conversation with a Healthcare Practitioner, you phone our toll free number from the United States.

Processing (63.2%):

All video and audio calls conducted through the TELUS Health MyCare app are confidential and

end-to-end encrypted.

Processing (93.9%), Required Purpose (93.2%):

All telephone calls conducted through TELUS Health MyCare Travel may be recorded for training and quality purposes and will remain confidential.

Personal Data (97.4%):

Payments and Health Card Information: Prior to consulting with a physician, you will be required to provide a valid provincial health card number if the consultation is to be covered under your provincial health care insurance plan.

Personal Data (97.8%):

If you choose to purchase any Services from us that are not covered under a provincial health plan, we collect your payment information, such as your payment method, payment card number, CVV code and signature (physical clinics only).

Required Purpose (94.1%):

This information is used to process your payments.

Required Purpose (89.2%):

We use a third-party service provider who is Payment Card Industry Data Security Standard (PCI DSS) compliant to facilitate secure payment processing.

Organisational Measure (70.2%), Required Purpose (95.0%):

Service Messages: We may contact you by SMS, email or push notification to provide you with helpful information related to our Services, such as how to prepare for your appointment, reminders, and other important information or updates.

Organisational Measure (88.9%):

You can turn off push notifications at any time in your device settings.

Required Purpose (70.0%):

To adjust your communication preferences for SMS and email service messages, contact us using the contact information set out under Questions, Complaints, and Contact below.

Consent (91.1%), Required Purpose (95.3%), Technical Measure (97.3%):

Location-based Services: Certain features of the TELUS Health MyCare app request your permission to use GPS technology to collect real-time information about the location of your device so that TELUS Health MyCare can help you locate a pharmacy or another healthcare service in your area.

Consent (77.3%):

This service is provided for your convenience only, and your permission for this use is voluntary.

Personal Data (86.5%):

This location data is not retained or used for any other purpose.

Processing (91.0%), Required Purpose (82.1%):

TELUS Health MyCare Technical Support: In certain circumstances, Personal Information may be required by or accessible to technical support staff in order to resolve technical issues.

Personal Data (99.5%):

Where possible, our support team will resolve issues without viewing Personal Information.

Required Purpose (91.7%):

If you speak to TELUS Health MyCare support, all audio conversations are recorded to ensure quality of service to you and for training purposes.

Personal Data (77.3%), Processing (97.8%), Required Purpose (99.9%):

To develop, enhance or market our products and services Developing and enhancing our services: We analyze Personal Information in your TELUS Health MyCare account profile and actions you take on the TELUS Health MyCare app and your ratings or responses to surveys, to better understand how we can improve and what care programs or services to provide.

Personal Data (94.8%), Required Purpose (99.6%):

For example, we may use your postal code and aggregate it with all other TELUS Health MyCare user postal codes to determine the best location to open a new physical clinic.

Processing (98.0%):

Personal Information does not include de-identified or aggregated information that cannot reasonably be associated with a specific individual.

Processing (62.7%), Required Purpose (95.5%):

Satisfaction and experience surveys and questionnaires: Your name and email address may be used by us to contact you regarding your experience when using our Services.

Processing (98.7%), Required Purpose (93.0%):

We may share this information with a third-party provider to address an issue or concern and to improve our service offerings.

Personal Data (94.8%), Third Party (84.7%):

Sending newsletters and marketing communications: Your TELUS Health MyCare contact details, including your name, email address and home address, may be used so that TELUS Health MyCare can provide you with news and offers by SMS, email or mail about TELUS Health MyCare, the TELUS Family, and third-party partners.

Required Purpose (95.9%):

We may use your email address or phone number (where available) to digitally deliver ads about our services and offers on third-party websites and apps where we purchase advertising from our partners.

Required Purpose (89.7%):

To maintain and improve the security, performance and functionality of the TELUS Health MyCare Website and App Visiting the TELUS Health MyCare Website: In general, you can visit our website without telling us who you are or submitting any Personal Information.

Non-Personal Data (97.7%), Personal Data (98.3%):

However, we collect the Internet protocol (IP) addresses of all visitors to our website and other related information, such as device type, page requests, browser type, operating system and average time spent on our website.

Required Purpose (92.0%):

We are directly accountable to you for the Personal Information our third-party provider collects, uses and discloses, when providing Services on our behalf.

Required Purpose (99.5%):

We use this information to help us understand our website activity and to monitor and improve our website.

Personal Data (97.2%), Required Purpose (99.4%):

We also use your IP address and device type to help ensure a secure experience and detect anomalous behaviour.

Required Purpose (82.6%):

Device Information: As with many applications, certain limited technical data is required for the TELUS Health MyCare app to function on your device.

Non-Personal Data (86.7%):

The information we collect includes information about your device and operating system, such as the type of device hardware and operating system, unique device identifier, IP address, language settings, and the date and time the app accesses our servers.

Required Purpose (97.8%):

This information is used to deliver content appropriate for your devices capabilities, to deliver push notifications and to help ensure a secure experience and detect anomalous behaviour in order to protect Personal Information from unauthorized access.

Non-Personal Data (91.1%), Required Purpose (96.9%):

In addition, in the event the TELUS Health MyCare app crashes on your mobile device, we may

receive information about your mobile device model software version and device carrier, which allows us to identify and fix bugs and otherwise improve the performance of the TELUS Health MyCare app.

Processing (81.5%), Required Purpose (99.2%):

App Usage Information: We may collect and analyze information about the actions you take on the TELUS Health MyCare app to better understand what care programs or services to provide.

Non-Personal Data (85.9%), Required Purpose (99.2%):

We may share such de-identified information or insights with our partners to assist in research, planning, or product and service development.

Required Purpose (98.5%):

This may include participation in provincial health initiatives that require the disclosure of de-identified information to inform government health strategy, policy and initiatives.

Personal Data (93.3%):

Personal Health Information excludes data obtained through the use of TELUS Health MyCare Travel, unless specified.

Required Purpose (99.5%):

Our electronic medical record provider may de-identify and use data to assist in health care research, planning, or product and service development.

Required Purpose (97.3%):

For example, our electronic medical record provider may de-identify Personal Information so that it may be used to support clinic data quality, improve the platform or to analyze and recommend clinical outcomes for treatment.

Processing (98.6%), Required Purpose (88.9%):

Sharing and Disclosure of Personal Information For continuity of care purposes, we may share Personal Information among your Healthcare Practitioners and others who assist in the provision of healthcare to you.

Consent (70.1%), Legal Basis (97.8%):

We will not disclose your Personal Information for any purpose other than what has been outlined in this Privacy Commitment or as permitted under applicable law, unless we obtain your consent.

Required Purpose (73.2%):

We disclose only the limited amount of Personal Information necessary to meet these purposes.

Recipient (67.5%), Third Party (99.0%):

We do not sell your Personal Information to any third parties.

Required Purpose (97.7%):

We may share your Personal Information with our service providers who are contracted to perform services or functions on our behalf where they require the information to assist us in serving you.

Required Purpose (84.2%):

We use contractual controls to protect this information and limit its use to what is necessary for the service provider to perform the service.

Processing (77.1%), Required Purpose (97.7%):

Details We may share or disclose Personal Information for the following purposes: Provision of Healthcare: If you receive healthcare through our Services, we may disclose your Personal Information to and among your Healthcare Practitioners for the purpose of providing or assisting in the provision of healthcare to you.

Required Purpose (96.9%):

We may also disclose your Personal Information to third parties, such as other health professionals, specialists, pharmacists, pharmacies and laboratories for the purpose of providing or assisting in the provision of healthcare to you this includes, but is not limited to, providing medically appropriate referrals, prescriptions, or lab and imaging requisitions to you.

Legal Basis (91.1%), Processing (98.6%), Recipient (72.1%):

Information will only be shared with your family doctor, hospital, lab or specialist with your consent (unless we are required to do so under applicable laws).

Processing (99.2%):

Your Medical Record will be stored in the TELUS Health MyCare infrastructure and will be accessible to Healthcare Practitioners who provide or assist in the provision of healthcare services to you from our physical clinics or virtual care app.

Personal Data (77.8%):

A record of all Canadian appointments will be stored in the TELUS Health MyCare app.

Processing (63.5%), Third Party (75.6%):

Employers/Benefits Providers: If your access to our Services is facilitated through your employer or benefits provider, we may provide general information about the non-medical status of your account to them.

Third Party (69.1%):

We will not disclose any Personal Health Information to your employer or benefits provider.

Non-Personal Data (69.9%):

De-identified information may be shared with your employer at an aggregated level.

Non-Personal Data (87.0%):

For example, we may provide your employer with de-identified information about trending diagnoses such as an increase in mental health consultations overall, or the overall number of referrals to specialists made over a particular reporting period.

Recipient (81.2%):

Service Providers: We may share Personal Information with the TELUS Family, our suppliers, agents or other organizations or individuals who are contracted to perform services or functions on our behalf, where they require the information to assist us in serving you.

Required Purpose (61.6%):

TELUS Health MyCare has overall responsibility for protecting your Personal Health Information, including your Medical Record and other Personal Health Information in the provinces where the Services were offered, and we are directly accountable to you.

Required Purpose (92.3%):

For example, we may use service providers to verify identification, process payments, power the app, host our website and store and dispose of information on our behalf.

Required Purpose (66.3%):

We do not use this information for any other purpose.

Consent (76.2%), Required Purpose (96.1%):

Disclosing Personal Information to our software provider, with your express consent: If you give us your express consent, TELUS Health MyCare will share with our software provider, eMed Healthcare UK, Limited, your Personal Information, including your Medical Record, in order to allow eMed Healthcare UK, Limited to improve the performance of the eMed Healthcare UK software technology, which powers the TELUS Health MyCare app.

Personal Data (92.7%):

De-Identification and Aggregation De-Identifying and Aggregating Information: We may de-identify or aggregate your Personal Information, including information in your Medical Record, such that it cannot reasonably be associated with you, for the following purposes: To protect your privacy and the security of your Personal Information; To conduct analytics and/or research in a privacy protective manner to: better understand and improve our Services; operate and expand our business opportunities; and improve health outcomes.

Processing (98.4%):

Your health card number will be maintained on file for future visits (unless you choose to remove it from your account profile).

Personal Data (99.6%):

Pursuant to their privacy policy, which can be found here , eMed Healthcare UK, Limited will remove personal identifiers (such as your name, address and date of birth) prior to using or storing the information we disclose.

Processing (93.2%):

TELUS Health MyCare policy to protect your privacy By accessing or using TELUS Health MyCare Services, you understand that your information will be treated in accordance with this TELUS Health MyCare Privacy Commitment (Privacy Commitment).

Consent (83.4%):

Personal Information you agree to disclose will be treated in accordance with the eMed Healthcare UK, Limited privacy policy.

Processing (79.9%), Required Purpose (99.1%):

Within the TELUS Family: Your name, email address and home address may be shared within the TELUS Family and matched to your existing TELUS customer profile (if applicable) to identify other services that you have with the TELUS Family.

Required Purpose (90.2%):

This information may be used to: Perform aggregated reporting and demographic analysis; Ask for your feedback on our Services through surveys or other means; and Help us and the TELUS Family provide better recommendations of TELUS products and services that may be of interest to you and exclude those that are not relevant.

Required Purpose (78.0%):

Participating in Provincial Health Initiatives: We may participate in provincial health initiatives that require the disclosure of de-identified information to inform government health strategy, policy and initiatives.

Processing (92.9%):

Sale of Business: We may transfer any information we have about you as an asset in connection with a proposed or completed merger, acquisition or sale (including transfers made as part of insolvency or bankruptcy proceedings) involving all or part of TELUS Health MyCare, or as part of a corporate reorganization or other change in corporate control.

Legal Basis (78.2%):

Disclosures required or permitted by law or regulation: We may disclose Personal Information to the extent necessary where we are required or permitted under applicable law, such as in the event of an emergency that threatens the life, health or security of an individual.

Authority (93.1%), Required Purpose (86.4%), Third Party (72.8%):

We or our service providers will also share Personal Information with law enforcement, courts, other government agencies or other parties if we are required to do so to meet our legal and regulatory requirements in the jurisdictions in which we or our service providers operate; for example, we are required to provide records to law enforcement in response to a valid court order.

Third Party (96.0%):

Also, links to our Services may be featured on third party websites or platforms as advertisements.

Processing (87.6%):

We do not have any control over such websites or platforms, and therefore we have no responsibility or liability for the manner in which the organizations that operate such linked websites or platforms may collect, use, disclose, secure and otherwise handle Personal Information.

Processing (82.0%), Required Purpose (85.1%):

We rely on you to keep your Personal Information up-to-date and accurate so that we can serve you.

Organisational Measure (79.3%):

Details You may request access and corrections to the Personal Information we hold about you at any time, subject to limited exceptions.

Organisational Measure (92.8%):

We will take reasonable steps to verify your identity before granting access or making corrections.

Processing (97.2%), Third Party (87.5%):

third party service providers) with whom or to whom we have shared or disclosed your Personal Information, if applicable.

Organisational Measure (70.0%):

You are welcome to make changes or request deletions, rectification or corrections to Personal Information we hold about you at any time by updating your account profile on the TELUS Health MyCare app or by contacting us at . For a copy of your Personal Information in the United States, please specify this in your request when contacting us.

Processing (60.2%), Scale Non-EU (88.1%):

Storage and Location of your Personal Information Your Personal Information, including your Medical Record for consultations conducted in Canada, is stored in Canada and cannot be accessed from outside Canada, with only a few limited exceptions.

Scale Non-EU (92.4%):

Your Personal Information, including your Medical Record for consultations conducted in the United

States, is stored in the United States and cannot be accessed from outside the United States, with only a few limited exceptions.

Personal Data (81.9%):

Details Your Canadian Medical Record is stored in data centers in Canada (which may be located outside of Quebec).

Required Purpose (78.6%):

Your Medical Record will only be accessed from outside Canada in limited circumstances by our software service providers technical support team, including maintaining, repairing, trouble-shooting or upgrading the TELUS Health MyCare app software.

Required Purpose (89.6%):

Personal Information collected to validate your identity using the in-app method when you first register will be temporarily stored in the United States by our service provider to permit authentication of your identity.

Scale EU (82.5%), Scale Non-EU (78.5%):

We also use service providers who may access or store other Personal Information (aside from your Medical Record) outside of the jurisdiction in which you are located, including in Ireland, the EU, the United States or other jurisdictions.

Processing (86.3%):

As a result, your Personal Information may be transferred outside the jurisdiction in which you are situated (including for residents of Quebec, outside of Quebec) and may become subject to the laws of the receiving jurisdiction, which may differ from the laws of your jurisdiction.

Required Purpose (72.9%):

Canadian Healthcare Practitioners do not have access to the information provided to our third-party provider in the United States; however, we may receive a copy to facilitate your request for access.

Not Required Purpose (74.4%):

We may receive a copy of your Personal Information to facilitate your request for access but will not store this information once provided to you.

Retention (94.7%):

Retention We retain Personal Information only for as long as necessary to fulfil the purposes described in this Privacy Commitment or as required to meet legal or regulatory requirements.

Legal Basis (70.9%):

Personal Information that forms part of your Medical Record must be retained for a period of time mandated by law.

Retention (94.3%):

Details We retain Personal Information only for as long as necessary to fulfill the purposes described in this Privacy Commitment or as required to meet legal or regulatory requirements.

Processing (94.9%):

Individuals under the age of 16 may not create an account with TELUS Health MyCare, but a parent or legal guardian may book a healthcare consultation appointment or create a user profile for a minor on the parent or legal guardians own account.

Required Purpose (69.6%), Retention (92.5%):

At your request, we will delete your Personal Information unless we are required to retain it to meet our legal or regulatory obligations.

Retention (62.5%):

Medical Records must be retained in accordance with provincial retention guidelines.

Personal Data (73.5%), Retention (87.2%):

Audio recordings of the support services you receive are stored for 90 days.

Organisational Measure (85.4%):

We have implemented a comprehensive information security program that includes written policies and procedures, and security controls, as well as reasonable administrative, technical and physical safeguards, in an effort to protect against unauthorized access, use, loss, modification, and disclosure of Personal Information in our custody or control.

Organisational Measure (93.7%):

TELUS Health MyCare ensures that the security policies, procedures, and controls of our service providers meet industry and TELUS best practices and are regularly tested.

Organisational Measure (82.4%):

We cannot fully guarantee the confidentiality of any information that you provide to us, but we can assure you that we will use reasonable and appropriate security controls, reflective of the sensitive nature of Personal Health Information.

Organisational Measure (72.7%):

You should read their privacy policies and make an informed decision about whether you want to use those websites or their services. Changes to this Privacy Commitment We may make changes to this notice, and we will notify you of the changes to our information practices.

Data Protection Officer (86.3%):

Details Please contact our Chief Data & Trust Officer at or the address below if you: wish to access, update, and/or correct inaccuracies in your Personal Information; have any

questions related to the collection, use or disclosure of your Personal Information; need to report any privacy or security violations, including any suspected or actual unauthorized access, use, disclosure or loss of Personal Information; wish to withdraw your consent to the collection, use or disclosure of Personal Information; have any questions or comments about this Privacy Commitment; or otherwise have a question or complaint about the manner in which we or our service providers treat your Personal Information, including our policies and practices with respect to the use of service providers outside Canada.

Art. 16 Right to rectification (61.0%):
