Consent (60.3%):

Opting out: Users can set preferences for how Google advertises to you using the Google Ad

Settings page.

Legal Basis (72.0%):

California Online Privacy Protection Act CalOPPA is the first state law in the nation to require commercial websites and online services to post a privacy policy.

Processing (97.9%), Scale Non-EU (86.8%):

The law's reach stretches well beyond California to require a person or company in the United States (and conceivably the world) that operates websites collecting personally identifiable information from California consumers to post a conspicuous privacy policy on its website stating exactly the information being collected and those individuals with whom it is being shared, and to comply with this policy.

Legal Basis (77.7%), Processing (90.0%):

It's also important to note that we allow third party behavioral tracking COPPA (Children Online Privacy Protection Act) When it comes to the collection of personal information from children under 13, the Children's Online Privacy Protection Act (COPPA) puts parents in control.

Authority (84.0%), Third Party (79.6%):

The Federal Trade Commission, the nation's consumer protection agency, enforces the COPPA Rule, which spells out what operators of websites and online services must do to protect children's privacy and safety online.

Legal Basis (96.6%):

Fair Information Practices The Fair Information Practices Principles form the backbone of privacy law in the United States and the concepts they include have played a significant role in the development of data protection laws around the globe.

Legal Basis (87.1%):

Understanding the Fair Information Practice Principles and how they should be implemented is critical to comply with the various privacy laws that protect personal information.

Data Subject (64.0%), Legal Basis (82.6%), Right (75.1%):

In order to be in line with Fair Information Practices we will take the following responsive action, should a data breach occur: - We will notify the users via email: Other -We will notify the users via in site notification: Other We also agree to the individual redress principle, which requires that individuals have a right to pursue legally enforceable rights against data collectors and processors who fail to adhere to the law.

Authority (68.8%), Data Subject (80.5%):

This principle requires not only that individuals have enforceable rights against data users, but also

that individuals have recourse to courts or a government agency to investigate and/or prosecute non-compliance by data processors.

Processing (74.3%):
