Art. 17 Right to erasure (right to be forgotten) (63.7%), Data Subject (86.8%), Processing (97.5%), Required Purpose (63.6%), Third Party (68.4%):

This privacy policy (Privacy Policy) describes the types of information that we (and, as applicable, our service providers on our behalf) may collect or you may provide when you access or use our Services.

Organisational Measure (61.2%), Processing (99.1%):

This Privacy Policy also describes our practices for collecting, using, disclosing, and maintaining such information.

Data Subject (81.0%), Legal Basis (93.5%), Right (93.7%), Scale Non-EU (80.0%):

If you are a resident of the State of California, please also read Your California Privacy Rights below to understand additional rights you may have pursuant to California Civil Code Section 1798.83 and the California Consumer Privacy Act of 2018.

Third Party (88.7%):

This Privacy Policy does not apply to information we collect offline or that you provide to third-party websites you may access through the Services (see Third-Party Links section below).

Processing (99.7%), Required Purpose (68.9%), Third Party (98.9%):

These third parties may have their own privacy policies, which govern how information is collected and used, and we encourage you to read the policies before providing information on or through

them.

Art. 17 Right to erasure (right to be forgotten) (89.3%), Processing (70.8%), Required Purpose (66.9%):

We provides Services for the benefit of restaurant delivery services (each an RDS) and consumers that use restaurant delivery services.

Consent (65.5%), Data Controller (85.9%), Processing (98.2%), Required Purpose (92.9%):

Our Services provide each RDS with the ability to receive orders from consumers, and then guide the RDS on the optimal route to deliver the order.

Art. 17 Right to erasure (right to be forgotten) (65.7%), Data Subject (83.0%), Personal Data (99.7%), Required Purpose (66.0%):

In order to perform those Services, each RDS may provide us with certain personal information about its customers like name and delivery address.

Processing (92.9%), Required Purpose (86.5%):

We provide such Services for the benefit of, and on behalf of, the RDS and consumers that use such restaurant delivery services, and we may use, process, and disclose all personal information as necessary to perform the Services for which the information was provided, as described in this Privacy Policy.

Consent (97.0%), Required Purpose (72.8%), Right (72.3%):

Our right to disclose personal information includes the right to disclose such information back to the particular RDS on whose behalf we have collected the information, and we require the RDS to obtain its customers consent to our use of that information in order to perform the Services.

Personal Data (89.7%), Required Purpose (72.2%):

Please read this Privacy Policy carefully to understand our policies and practices regarding your information and how we will treat it.

Consent (92.4%), Processing (89.5%):

By downloading, registering with, accessing or using the Services, you agree to the terms and conditions of this Privacy Policy.

Organisational Measure (82.7%):

If we make material changes to this Privacy Policy, we will post the updated Privacy Policy in the Services and provide notice to you that the Privacy Policy has been updated via email or in-Services alert.

Organisational Measure (78.9%):

Your continued use of the Services following the posting of changes constitutes your agreement to such changes.

Automated Decision Making (92.6%):

We may collect information from and about your use of the Services, any RDS customers use of the Services when provided to us by the RDS, directly from any RDS customers when they use our Services, or automatically while you, or RDS customers, use the Services.

Personal Data (86.1%):

When you, or RDS customers, interact with our Services, we may collect a record of each interaction.

Consent (91.3%):

Lastly, and only with the customers permission, we may collect information from and about the RDS customers, even when the Services are not in use.

Personal Data (85.0%), Required Purpose (83.3%):

For example, with the permission of RDS customers, we may access their location even if the Services are not being actively used so that we are able to precisely determine their delivery location even in circumstances when the customer has limited connectivity.

Required Purpose (96.7%):

Our goal in collecting information is to provide and improve our Services and services, to administer use of the Services, and to enable you, and all RDS customers, to enjoy and easily navigate our Services.

Personal Data (91.6%):

Information Provided via the Services; Account Information; Payment Information.

Personal Data (99.7%), Required Purpose (90.6%):

Personal information is data that can be used to uniquely identify or contact a single person.

Personal Data (99.6%), Processing (99.2%):

For example, when the RDS customer downloads, registers with, or uses the Services, they will be required to establish an account that may include the customers name (first and last), email address, password, delivery address, billing address, and payment information.

Required Purpose (74.9%):

Later, when the customer uses the Services to place an order for restaurant delivery services, we will be able to use the customers account information to provide the RDS any information needed to complete the delivery.

Personal Data (66.7%), Processing (97.7%):

A record of each order for restaurant delivery services submitted by the customer using the Services is also saved, and this allows the customer to scroll through and resubmit a subsequent order from a list of previously submitted orders without having to, once again, manually enter the details of the order.

Consent (98.6%), Personal Data (95.2%):

See Changes in Personal Information; Opt-Out; Your Choices section below to learn more about how a customer can change the push notification preferences.

Required Purpose (68.5%):

You, and any RDS customer, may be offered the opportunity to be contacted by one of our representatives to provide additional information about our Services or services.

Personal Data (91.8%), Processing (67.2%):

By initiating any activity or transaction that uses payment information in the Services, for example by placing an order for delivery, the customer must consent to providing their financial information to us and our service providers processing the transaction to the extent required to provide the payment services.

Processing (98.9%):

When we collect payment information directly from the customer, like credit card numbers and expiration dates, the payment data is transmitted directly from the customer to the credit card processing company and it is not stored by us.

Automated Decision Making (61.8%):

Automatic Collection.

Non-Personal Data (89.5%), Personal Data (97.2%), Required Purpose (88.8%), Technical Measure (90.5%):

When customers download, register with, or use the Services, the Services may use technologies to automatically collect usage information (e.g., the customers use of features of the Services), location information (real-time information about the location of the device the customer is using to access the Services) and device information (e.g., device type, mobile network information, unique device identifier, operating system, browser type, application version).

Required Purpose (92.2%):

This information is sometimes called traffic data and helps us improve and customize the Services.

Personal Data (87.7%):

This information is generally non-identifying, but if we associate it with the customer as an identifiable person, we will treat it as personal information.

Required Purpose (85.4%):

In order to perform our Services, we or our service providers are required to receive or infer information about the customers location from a variety of sources.

Personal Data (93.5%), Required Purpose (96.7%), Technical Measure (76.7%):

For example, we may use the customers IP address to identify their general location or we may receive more precise location data from their mobile device (such as via GPS, wireless networks, cell towers, Wi-Fi access points).

Personal Data (64.0%), Required Purpose (85.1%):

We are required to save a record of the customers delivery location when a specific order is submitted so that the RDS can complete the delivery, and at all times thereafter until the RDS completes the delivery.

Required Purpose (96.5%), Technical Measure (98.9%):

We may use location data to analyze certain information, and to improve our Services and relevance of the information we provide via the Services.

Processing (97.4%):

Please note that if the RDS, or the RDS customer, does not share location information then the functionality of the Services will be limited.

Technical Measure (98.1%):

Technologies we use on the Services to collect traffic data, directly or through our service providers, may include cookies (data files placed on your mobile device used to access the Services), analytics software (e.g., Google Analytics) and pixel tags (transparent graphic image, sometimes called a web beacon or tracking beacon, placed on a web page or in an email, which indicates that a page or email has been viewed).

Required Purpose (79.4%):

A pixel tag may tell the users browser to get content from another server.

Required Purpose (99.5%), Technical Measure (96.8%):

We, or our service providers, may place cookies or similar files on the mobile device of an RDS customer used to access the Services for security purposes, to facilitate Services navigation and to create a personalized experience while visiting the Services.

Consent (84.5%):

It may be possible to refuse to accept mobile cookies by activating the appropriate setting on the mobile device.

Required Purpose (85.7%), Technical Measure (85.6%):

When RDS customers use the Services, certain third parties may use automatic information collection technologies to collect information about their device.

Processing (93.4%), Third Party (71.3%):

These third parties may include their mobile service provider, their mobile device manufacturer, and third parties engaged by us to host or store information, including information obtained through the Services, or provide certain services for us, including promotional campaigns, fulfillment and loyalty/rewards programs.

Technical Measure (95.5%):

These third parties may use tracking technologies to collect information from RDS customers when they use the Services.

Required Purpose (99.0%):

We use information we collect about you, RDS customers, or that each RDS provides to us about its customers, including any personal information, to provide RDS customers with the Services and its contents, and to provide other information, products, offers or services requested from us, fulfill any other purpose for which the RDS provides such information, to communicate with the RDS, or its customers, about our Services, provide offers and promotions to RDS customers, give RDS customers notice about any RDS offers and promotions, notify RDS customers when Services updates are available, and of any changes to any of our services we offer or provide through the Services.

Required Purpose (97.3%):

The usage information helps us improve our Services and to deliver a better and more personalized experience by enabling us to estimate our audience size and usage patterns, store information about usage preferences and recognize RDS customers when they use the Services.

Required Purpose (99.6%):

Lastly, we use location information to connect the physical locations of the RDS and RDS customers, so that the RDS can complete deliveries.

Required Purpose (99.6%):

We may use or disclose your information, or an RDS customers information, including personal information, to our third-parties to protect the security and integrity of the Services, to correct

technical problems and malfunctions on the Services, to technically process any information, to fulfill our offers, promotions and coupons, to take precautions against liability, and to provide our Services to the RDS for the RDS to use for its own business purposes.

Processing (97.5%), Required Purpose (91.8%):

We reserve the right to transfer any information we have about you, or RDS customers, in connection with a sale, merger, consolidation, change in control, transfer of assets, reorganization or liquidation of our business.

Required Purpose (85.8%):

We also may disclose your personal information to third parties if we have reason to believe that disclosing such information is necessary to conduct investigations of possible breaches of law, to cooperate in any legal investigation, or to identify, contact, or bring legal action against someone who may be violating any agreement with us.

Consent (68.6%), Third Party (98.4%):

Third parties, other than our service providers, do not have authorization from us to track which websites, apps, or other online services you, or an RDS customer, visits prior to and after visiting the Services.

Third Party (97.9%):

Please note that we may not be able to correct or update personal information previously provided to us by third parties.

Consent (89.8%):

You, or any RDS customer, can also choose to delete your account.

Consent (77.3%), Technical Measure (80.7%):

Cookies: You can set your browser to refuse all or some cookies or alert you when cookies are being sent.

Organisational Measure (79.8%):

The RDS customer can manage these preferences when the Services is first launched or at a later stage by using the setting on your mobile device.

Organisational Measure (68.8%):

Push Notifications: If an RDS customer does not want to receive push notifications from us, the customer may opt out of receiving these when they first launch the Services or at a later stage by using the settings on their mobile device.

Organisational Measure (86.2%):

We take reasonable security precautions to protect the personal information that we collect or that

you, or an RDS, chooses to provide.

Legal Basis (99.4%):

Although guaranteed security does not exist on the internet or offline, we make commercially reasonable efforts to handle such information consistent with this Privacy Policy and applicable laws.

Consent (71.1%):

These links are made available to the RDS customer as a convenience, and the customer agrees to use these links at their own risk.

Organisational Measure (68.7%), Processing (67.0%):

If we learn we have collected or received personal information from a child under 13 without verification of parental consent, we will take steps to delete the information as soon as possible.

Scale Non-EU (90.4%):

Notice to Residents of Countries Outside the United States.

Processing (98.0%), Scale Non-EU (84.8%):

Personal information may be accessed or used by us or transferred to us in the United States or to our affiliates, business partners, or service providers elsewhere in the world.

Scale Non-EU (88.0%):

The Services are intended for adults and not intended for children in the United States under 13 years of age, and we do not knowingly collect any personal information from children under 13.

Processing (94.5%), Scale Non-EU (83.5%):

If you are located outside the United States, be advised that any information you provide to us will be transferred to and stored in the United States and that, by submitting information to us, you explicitly authorize its transfer and storage within the United States.

Processing (99.0%):

We will treat the personal information subject to this Privacy Policy according to this Privacy Policy regardless of where it is processed or stored.

Processing (98.4%), Required Purpose (67.5%), Scale Non-EU (70.0%):

Pursuant to Section 1798.83 of the California Civil Code, California residents have the right to request from a business with whom the California resident has an established business relationship:

(1) What types of personal information, if any, of the California resident the business shares with third parties for direct marketing purposes of those third parties; and (2) the identities of the third parties with whom the business has shared such information in the immediately preceding calendar year.

Legal Basis (96.0%):

A number of states are currently considering enacting laws similar to the California law mentioned above.
