Privacy Policy

EE Skip to main content Skip to search EE Privacy Centre Privacy Policy Privacy Policy Welcome
As a communications provider, using personal information is fundamental to what we do from connecting calls to developing and promoting our services.

Authority (69.9%), Personal Data (99.1%), Recipient (92.6%), Retention (75.0%), Right (83.8%):

We believe that it is very important that our customers trust us with their personal information.

Data Source (80.2%), Data Subject (91.0%), Non-Personal Data (69.5%), Processing (99.6%), Required Purpose (84.2%):

This privacy notice explains what personal information we collect about you and how we use it during our relationship with you.

Art. 21 Right to object (60.9%), Data Controller (91.6%), Personal Data (98.5%), Processing (70.8%), Required Purpose (73.1%), Right (88.1%):

You can also find details of what rights you have (including the right to object to some of the data handling we carry out), as well as how to exercise those rights in the Your Rights section below.

Data Controller (97.4%), Organisational Measure (75.3%), Personal Data (98.9%), Recipient (92.1%), Required Purpose (71.3%):

Where we use the words We or Our we mean either British Telecommunications plc or EE Limited both part of the BT Group.

Personal Data (72.6%), Processing (99.5%):

This privacy notice explains how we use the personal information collected from or about you when you are one of our customers or when you contact us or use our services.

Data Controller (94.8%), Processing (96.8%):

In some circumstances BT plc and EE Ltd are jointly responsible for deciding what personal information is collected, used and stored.

Processing (88.1%), Required Purpose (93.4%), Third Party (63.7%):

This happens where we work together to give you the best customer experience and to be more efficient across our businesses to: Provide assistance through our customer service teams; Understand how people interact with us; Understand how people use our products and services; and Carry out checks for fraud and credit risk.

Processing (99.1%), Third Party (78.2%):

We will also share your personal information with other companies in the BT Group.

Data Processor (78.0%), Personal Data (98.5%), Processing (92.8%), Required Purpose (85.4%):

This notice applies to the products and services we provide you (such as mobile, TV and broadband), your use of our apps and our websites and where we pass your details on to insurance or finance providers as part of your payment for our products or services.

Consent (64.0%), Processing (74.1%), Required Purpose (67.2%), Retention (74.0%):

It also applies even if you're not one of our customers, but you interact with us as part of us running our business, for example by: Using one of our products or services paid for by someone else acting with authorisation on behalf of one of our customers taking part in a survey or trial entering a prize promotion calling our helpdesk generally enquiring about our services If you need to give us personal information about someone else in relation to our products and services, this privacy notice will also apply to their information.

Consent (82.6%):

If we need the permission of the other person to use that information, we'll ask you to check they are OK with this.

Personal Data (71.5%), Processing (97.3%), Required Purpose (99.5%), Technical Measure (98.2%):

You can find links to our other BT Group privacy notices below: Plusnet PLC Openreach Business customers - BT plc and EE Limited This notice doesn't cover other third-party companies or organisations collecting and using your personal information to provide you with products and services, including those who use cookies, tags and other technologies to offer relevant online advertisements to you.

Third Party (97.5%):

You can find more details about how those third parties use your data by visiting their privacy notices on their own websites.

Personal Data (96.8%), Required Purpose (63.4%), Right (72.2%):

Your Rights You can ask us to provide you with a copy of your personal data at any time.

Consent (98.4%), Contract (95.2%), Processing (69.8%), Required Purpose (92.5%), Third Party (73.4%):

If you have given us your personal information because you have a contract with us or because you have consented to us handling it, you are entitled to ask us for a copy of this information in a

structured, commonly used and machine readable format so that you can reuse it or share it with other organisations.

Art. 18 Right to restriction of processing (72.9%), Art. 21 Right to object (62.3%), Legitimate Interest (72.6%), Processing (98.5%):

In some circumstances (including where we rely on legitimate interests), you have the right to object to our processing of your data and can ask us to restrict our use of your data and to delete it.

Automated Decision Making (87.7%):

You also have the right to ask us to correct your information if its inaccurate and, as described below, to object to automated decision making.

Required Purpose (93.8%):

We aim to provide our products and services in a way that protects information and respects your request.

Consent (64.7%), Processing (87.5%):

Because of this, when you delete or change (or ask us to delete or change) your information from our systems, we might not do so straight away from our back-up systems or copies on our active servers.

Personal Data (91.3%), Processing (97.0%), Required Purpose (98.8%):

And we may need to keep some information to fulfil your request (for example, keeping your email address to make sure its not on our marketing list).

Personal Data (92.0%), Retention (85.5%):

The company that is responsible for your personal information will be the company that is named in any terms and conditions or messages sent to you.

Personal Data (86.1%), Required Purpose (67.4%):

For example, well check a change of address against the Postal Address File, or we might ask you to confirm it.

Legal Basis (96.7%):

There are some exceptions to these rights, for example we might not be able to delete your data if we need it to fulfil your contract or we are required to keep it by law.

Consent (93.2%), Processing (71.5%):

Where you have given consent for us to handle your personal information or permission to provide a service, you can change your mind and withdraw this consent at any time.

Right (75.0%):

You can exercise any of your rights by using the online forms here.

Retention (80.8%):

It will normally take us up to one month to complete your request, but it could take longer (up to a further two months) if its a complicated request or you send us a lot of requests at once.

Contract (60.4%), Personal Data (76.1%), Processing (88.0%):

If you want a copy of your billing information, the quickest way to access this information is by logging into your EE account or, for your mobile billing information, by calling 150 from your mobile and we'll send it to you (you must be the account holder to ask for this information.) If you want to see what contact information we hold about you, you can also log in to your account.

Non-Personal Data (81.1%), Not Required Purpose (65.6%), Personal Data (99.6%), Processing (74.7%), Required Purpose (81.4%):

You can use the same contact details to let us know whether you want us to stop using information about how you use our products and services (including your call, browser and TV records) for marketing purposes or profiling you for marketing purposes.

Required Purpose (87.2%):

Where you have purchased a product or service on behalf of a child we will collect and use the child's data as part of providing our services to the end user in line with this privacy notice.

Organisational Measure (66.2%), Required Purpose (91.1%):

We have developed safety features for devices that belong to a child as well as educational material to help keep your child safe online.

Data Source (92.7%):

In most cases we have this information because we collect it directly from you, or because it has been derived from your use of our products and services.

Processing (94.8%), Third Party (97.2%):

In some circumstances we will obtain this information from a third party.

Personal Data (82.2%), Processing (74.8%):

Information we collect about you and how we use it The personal information we collect, store and use will depend on the products and services you have with us and how you use them.

Personal Data (98.2%):

Some of the personal information we collect, store and use is considered more sensitive (for example data about health or biometric data).

Required Purpose (98.6%):

We will only collect, store and use this more sensitive information to support you and your use of our products and services, and only where we put additional measures in place to protect this personal

information.

Legal Basis (98.4%):

Below you can find details of how and why we use your information and our permitted reason in law (known as legal basis) to use it.

Personal Data (85.6%):

You can find out more details about this in the Sharing Your Information section below.

Required Purpose (97.9%), Retention (67.6%):

When you create and use your account When you create an account, we will collect details about you so we can identify you and contact you about your account.

Required Purpose (79.9%):

As you buy different products and services or contact us these details will be linked to your account so we have a clear record of your relationship with us.

Legitimate Interest (89.6%), Non-Personal Data (81.0%), Personal Data (98.7%), Required Purpose (83.4%):

How we use your personal informationWhat personal information we useOur legal basis for using your personal informationFurther detailsTo set up your accountname email address your credentials (which means your password, security questions and answers we have on your account) details of the products and services you've bought within the BT Group Legitimate interests (to keep business records and prevent fraud)We do not store the original copy of your password.

Consent (88.6%), Personal Data (99.3%), Required Purpose (91.6%):

Instead, we keep it in a form that allows us to authenticate you but does not allow us to work out what your original password is.To send you service messages (such as confirming your order and telling you about any changes that might affect your service, like when we have infrastructure work planned or we need to fix something)contact details details of the products and services youve bought within the BT Group including your Call, Browser, TV records and IP address ContractIf you dont give us the correct information, we might not be able to provide you with the product or service you ordered from us.

Personal Data (80.3%), Processing (72.8%):

You can update your contact details via the 'My Account' page.

Legitimate Interest (72.0%), Personal Data (99.4%), Processing (98.1%), Recipient (65.0%), Required Purpose (89.1%), Third Party (63.7%):

needs information if required to tailor the method in which a third-party would need to contact you.

Processing (66.1%), Required Purpose (90.2%):

To send you marketing and to identify products and services that interest you We want to make sure that our customers and potential customers know about the great products and services that we offer and that you receive the best offers available, which are tailored and personalised by using the information we know about you.

Consent (92.2%), Required Purpose (94.1%):

How we use your personal information What personal information we use Our legal basis for using your personal information Further details To send you marketing messages name and title contact details date of birth Legitimate Interests (to keep you up to date with our products and services, making them relevant to you and making sure you manage your spend with us) Consent When you first buy a product or service from us, we add your details to our marketing lists unless you tell us not to.

Consent (83.3%):

We will always give you the right to opt out of marketing at any time and remind you of this in any emails or texts we send.

Personal Data (94.4%):

You should review their privacy notices before giving them your information.

Required Purpose (99.0%):

To contact you in relation to a prize draw, competition or other promotion name contact details date of birth verification details Contract Legitimate Interests We use your information to enter you into the prize draw or competition or promotion and to notify you if you have won.

Processing (82.0%), Required Purpose (95.8%):

We will also anonymise the information in order to create analytics around the success of the prize draw or competition.

Personal Data (67.4%), Required Purpose (99.5%):

To create a profile about you to better understand you as our customer or potential customer.

Consent (82.1%), Non-Personal Data (89.1%), Personal Data (98.5%), Required Purpose (99.4%):

We use your profile to identify the products and services that might interest you, to recommend better ways to manage what you spend with us, to improve your experience when engaging with us and to show you more relevant online advertising (both on our and other parties' apps and sites) and work with other well-known brands to make theirs more suitable too. name and title date of birth

contact details (including your address, phone number and email address) payment and financial information Your interactions with us including on our website, app and TV service details of the products and services youve bought within the BT Group or have expressed an interest in buying your communications with us, including emails, webchats and phone calls information from other organisations such as aggregated demographic data, data brokers (such as Acxiom), our partners and publicly available sources like the electoral roll and business directories Legitimate interests (to personalise your experiences with us, make our offers relevant to you and help you manage your spend with us) information from cookies and tags placed on your connected devices details of how and where you use our products and services including your call, Browser records, (including IP address and static IP address, if it applies) TV records and location details (including what you have previously watched) customer viewing data across our channels and other channels available on our TV services ConsentWhere you have agreed to our use of cookies and tags (through our cookies consent tool or via the app) we add this information to our profile.

Non-Personal Data (77.8%), Required Purpose (99.0%):

Where you have consented to us using data about how you access our network and services, we add this information to your profile to increase the personalised offers you see and receive.

Consent (76.8%):

You can withdraw your consent to these types of data or opt out of personalisation at any time.

Legitimate Interest (64.0%), Recipient (75.7%), Required Purpose (96.1%), Third Party (67.6%):

To show you and others more relevant digital advertising (on both our and other parties' apps and sites) and work with other well-known brands to make theirs more suitable too; and to measure the performance of our digital advertising campaigns, so that we can make improvements and find others who may be interested in our products and servicesWe will collect information through online platforms such as:Facebook Instagram TikTok X (formerly Twitter) Pinterest Amazon We use these platforms for advertising and analytic purposes.

Personal Data (64.4%), Third Party (64.1%):

Technology is a fast-changing area and can be complicated.

Personal Data (98.9%), Processing (99.0%), Required Purpose (78.0%):

We collect: social media handles Social media interactions public postings Like and other reactions details you send to us by mentioning us or following our social media posts by using handles or hashtags in comments messages you shared with us publicly or privately on social media platforms name, phone number and email details submitted on our website Legitimate interests (to manage and improve our services, in promoting our brand)We use the advertising tools of online

platforms to advertise our products (e.g.

Required Purpose (88.1%):

For that purpose, we may provide your email address to the online platform in hashed form for them to present sponsored adverts.

Required Purpose (99.5%), Third Party (93.1%):

When you submit information on our website and have accepted cookies, or when you buy a product in an EE store, we'll also share your details in hashed form with our online platforms partners to match and compare sales records, optimise campaigns and target other users with similar profiles to yours.

Required Purpose (97.8%):

They can only match your details to help us if you already have an account with them.

Processing (77.3%), Required Purpose (85.0%), Third Party (82.8%):

Sometimes, we use supplier tools to find likely matches of customers on our database (at an aggregated level) with those of our trusted publisher partners.

Required Purpose (83.0%):

Sharing the results from this process allows our partners to identify customers we may have in common so we can show more relevant advertising when you're using their platforms, sites or apps.

Required Purpose (90.1%):

These partners may also use their own techniques to identify additional customers of theirs who share similar characteristics to any group we are targeting to help extend the reach of our personalised advertising.

Legitimate Interest (81.0%), Required Purpose (73.2%):

To run surveys and market research about our products and/or receive feedback on our services/productsname and title contact details details of the products and services you've bought Legitimate interests to manage and improve our business .

Required Purpose (98.8%):

Where you have told us that you have additional needs when you purchase a product or service from us, through your interactions with us during our relationship with you (for example if you tell an advisor of your change of circumstances), or if a family member, or carer provides this information on your behalf, we record this to tailor our services to those needs.

Personal Data (79.7%), Required Purpose (96.7%):

How we use your personal informationWhat personal information we useOur legal basis for using your personal informationFurther detailsTo help with managing your account and ensuring we use

the best means to communicate with youAdditional needs detailsLegitimate interests (to manage our business) Substantial public interests Consent To ensure we provide you with products and services that are appropriate to your needsAdditional needs details To allow a third party to manage your account on your behalfname contact details additional needs supporting documents (e.g.

Data Processor (64.8%), Required Purpose (93.8%), Third Party (71.3%):

power of attorney) Where applicable we will share your information with debt-recovery agenciesAdditional needs detailsTo make sure they can communicate with you in the most appropriate way To perform credit and fraud prevention checks Before we provide you with a product or service (including upgrades or renewals), or sometimes when you use our products and services, we'll use the personal information you have given us together with information we have collected from credit reference agencies (such as Experian or Equifax), and fraud prevention agencies (such as TransUnion) to carry out credit and fraud checks.

Automated Decision Making (81.3%), Personal Data (86.6%), Required Purpose (76.2%):

How we use your personal informationWhat personal information we useOur legal basis for using your personal informationFurther detailsTo check details on applications for products and servicesname address date of birth contact details financial information employment details device identifiers (including IP address) details about your account and bills, including how you manage them ContractWhen we carry out checks for credit and fraud prevention, we will use methods that automatically decide whether you pose a fraud or money laundering risk.

Organisational Measure (60.7%):

If your behaviour is consistent with money laundering or known fraudulent conduct, is inconsistent with previous applications, or you appear to have deliberately hidden your true identity your application may be rejected.

Automated Decision Making (60.9%):

For more information on automated processing, please see the Automated Decision Making below.

Personal Data (68.7%), Processing (66.1%), Required Purpose (94.5%):

To make credit and affordability assessments to decide whether to accept your application and set credit limitsLegitimate interests (to prevent fraud and protect our business)To create modelling tools, (for example methods of assessing how likely it is that a customer will default on a payment, take a new product or help us to improve our products and services for customersLegitimate interests (to prevent fraud and protect and improve our business)To manage our credit risk and prevent/detect fraud including sharing data with credit reference agenciesname address date of birth contact details financial information employment details device identifiers (including IP address) details

about your account and bills, including how you manage them.

Personal Data (60.6%), Required Purpose (92.1%), Retention (94.4%):

updates from credit reference agencies Legitimate Interests (to prevent fraud and protect our business and to enable quick and fair and efficient decisions) We reassess your eligibility for credit limits on a monthly basis while you are a customer to ensure this remains accurate and reflects your current financial situation.

Legal Basis (90.3%), Personal Data (77.7%):

See more details below To check your identity facial recognition (which is considered biometric data) which we use for the purpose of uniquely identifying you Legitimate Interests (to prevent fraud and protect our business) Substantial public interest Where we process details that are considered to be sensitive, we do this under the lawful basis of substantial public interest How credit reference and fraud prevention agencies use your information: There are different credit reference agencies in the UK (for example, TransUnion, Equifax and Experian).

Scale Non-EU (87.8%):

Whenever credit reference and fraud prevention agencies transfer your personal information outside of the UK, they place contractual responsibilities on the organisation receiving it to protect your information to the standard required in the UK.

Personal Data (72.8%), Retention (90.4%), Third Party (92.5%):

Fraud prevention agencies can hold your personal information for different periods of time, and if you are considered to pose a fraud or money laundering risk, your information can be held by us and the organisations we share it with for up to six years.

Processing (71.3%):

Although the account holder will always be an adult, we recognise that some of our products and services, like mobile devices, will be purchased on behalf of children and so we cannot guarantee that every mobile number or service is held by an adult.

Consent (85.2%):

You must make sure you have their agreement to share information about them.

Personal Data (84.7%):

Linked accounts If you tell us you're associated with someone else financially (for example, by marriage or civil partnership), we'll link your records together.

Retention (74.4%):

The agencies we share the information with also link your records together and these links will stay on your and their files unless you or your partner successfully asks the agency to break that link.

Legitimate Interest (90.9%):

If you don't become one of our customers, we'll still keep the result of our credit checks about you if we have a legal obligation and it's in our legitimate interests to help prevent or detect fraud.

Legitimate Interest (79.5%):

We do this because it's in our, and the organisations', legitimate interests to prevent fraud and money laundering, and to check identities, to protect our business and to keep to laws that apply to us.

Required Purpose (99.5%):

To protect our business, our customers and the public We use your information to prevent and detect attacks on our network or against your equipment.

Required Purpose (95.7%):

This helps protect our business, our customers and the wider public.

Personal Data (98.0%), Required Purpose (64.1%):

How we use your personal information What personal information we use Our legal basis for using your personal information Further details To prevent and detect criminal activity on our network or against your equipment name and title contact details date of birth password and credentials payment and financial information valid form of identification for verification purposes details of the products and services you've bought and how you use them including Call records, Browser records and TV records content of SMS you send and receive using our network CCTV footage in our shops and buildings Legitimate interests in protecting our network and business from attacks and to prevent and detect crime and fraud.

Legitimate Interest (81.6%), Third Party (75.8%):

We may also share it with other organisations (such as other communications providers and banks) who have the same legitimate interests.

Authority (81.3%), Processing (63.8%), Required Purpose (90.2%):

To monitor traffic over our network To trace nuisance and malicious calls or messages To track Malware and cyber-attacks To help detect and stop crime, prosecute offenders, and protect national security contact details name and title date of birth passwords and credentials (needed to confirm your identity and your communication with us) your communications with us, such as calls, emails and webchats payment and financial information details of the products and services you've bought and how you use them including your Call, Browser, TV records and IP address Legal obligation Under investigatory powers legislation we might have to share this information with government and law-enforcement agencies such as police.

Legal Basis (70.2%):

We are obliged to comply with court orders requiring us to disclose information.

Art. 21 Right to object (81.2%), Personal Data (74.0%), Required Purpose (96.1%), Third Party (71.2%):

Legitimate interest To route communications through parts of our network, equipment and systems
Call records Browser records (including IP address) TV records Legal obligation This is required by our regulator. To assist partner organisations with fraud checks under our API service: To help external organisations confirm your identity To help external organisations check your age bracket To help external organisations check outbound calls are going to their intended number To check your mobile phone account isn't compromised To allow organisations to check account settings before a one-time passcode via SMS or voice is sent Confirm whether a customer is part of the EE network or an EE MVNO MSISDN IMEI age bracket Simswap timestamp device change timestamp lost/stolen Legitimate interests We may share your personal information with other companies who you have a relationship with like your bank or with those companies that process information on their behalf so that they can ensure that their customer records are up to date, and also in some cases prevent fraud for example by checking whether a transaction, such as an online payment or a cash withdrawal, is definitely being requested by you, and not a fraudster.

Required Purpose (99.4%):

To develop our business and services and to create aggregated and anonymised information for further use We use your information to maintain, develop and test our products and services although we'll always try to use anonymised information for this purpose.

Personal Data (92.3%), Required Purpose (97.3%):

How we use your personal information What personal information we use Our legal basis for using your personal information Further details To train our people and suppliers to provide you with products and services and to continuously improve our customer services (but we make the information anonymous beforehand wherever possible) contact details payment and financial information your communications with us, including emails, webchats and phone calls (and any recordings made) information from cookies and tags placed on your connected devices details of the products and services you've bought and how you use them - including your Call, Browser (including IP address and static IP address, if it applies) and TV records.

Processing (70.5%), Required Purpose (99.0%):

Legitimate interests to develop our business and build a better understanding of what you want We will share this information with the BT Group for reporting and administrative purposes. To ensure our network is working properly and to continuously improve and develop our network, products and

services for our customers name and title address information about what you buy from us (how you ordered it and how you pay for it, e.g., broadband ordered online and paid for on a monthly basis) information from cookies and tags placed on your computer information from other organisations who provide aggregated demographic information, data brokers (such as Acxiom), our partners and publicly available sources like the electoral roll and business directories details of the products and services you've bought and how you use them including your Call, Browser, TV records and IP address Legitimate interests to provide and improve your service We will typically anonymise and aggregate this information to carry out these uses.

Required Purpose (98.4%):

If we're trying to fix a fault that you've reported, we may need to use identifiable data to help identify the specific problem. To run management and corporate reporting, research and analytics to improve our business To provide other organisations with aggregated and anonymous reports name and title address age bracket information about what you buy from us (how you ordered it and how you pay for it e.g., broadband ordered online and paid for on a monthly basis) details of the products and services you've bought and how you use them including your Call, Browser, TV records and IP address Legitimate interests to generate insights that help us operate our network and business or would be useful to other organisations We collect data about how our networks are used and about our customers.

Processing (70.8%), Required Purpose (92.8%):

We then aggregate and anonymise this data so no individual can be identified and to provide statistical reports to other organisations to use for planning purposes (for example to show volumes of traffic on different roads).

Required Purpose (88.6%), Technical Measure (97.6%):

Specific products and services Website and Apps including shopping online EE's digital assistant Aimee is available in our app and uses Artificial Intelligence (AI) to help respond to your queries in the most helpful way.

Organisational Measure (91.7%), Processing (99.2%), Required Purpose (84.4%):

We use third-party AI tools to enable us to deliver this service, but we limit the personal data processed by these tools as much as possible and have strict requirements in place to ensure we remain in control of your data at all times.

Authority (91.7%), Legitimate Interest (66.9%), Recipient (68.5%), Required Purpose (82.1%), Third Party (78.7%):

We share your personal information with other organisations for the following reasons: With our insurance providers, for example if there is a claim made against us With credit reference agencies and collection companies to carry out fraud and credit checks and collect debts With third parties whose products and services we market to you (where you have given consent to receive such messages) With third parties whose products you have bought from us as an add-on to your broadband or mobile service, or by setting up a subscription in our subscription manager With our third party finance provider if you purchase EE Finance With the insurance underwriter, Chubb European Group SE, if you purchase insurance products from us With other communications companies (for example where you switch provider) With local authorities and alarm providers to identify vulnerable customers affected by the All-IP Programme and the switch to Digital Voice With the Department of Work and Pensions to check if you're eligible for our social tariffs With other organisations, such as spam detection or operating system providers, for the purposes of fraud prevention If you enter into a handset and airtime agreement or consumer credit agreement with us, we may need to share details of that agreement and its administration with our third-party finance provider for reporting purposes We may also share your information: With any public authority or law

enforcement agency (if they ask for it) To comply with law or regulations, or for possible legal proceedings If there's an emergency and we think you or other people are at risk (including for example with the Environment Agency for flood warnings or if you call the emergency services were required to give them information about where you are) If there's a change in who owns us or any of our assets, we might share personal information to the new (or prospective) owner and our advisors.

Data Processor (77.7%), Required Purpose (94.5%):

Using third party service providers We use other providers to carry out services on our behalf or to help us provide services to you.

Scale Non-EU (83.4%):

After the UK and wider EU, India and the Philippines are where most of our processing of personal information takes place.

Required Purpose (75.1%):

Your personal information is used for customer or IT support or operations purposes in these countries.

Scale Non-EU (65.4%):

We make sure we have approved contracts in place with our suppliers who are operating outside the UK so that they are required to keep your data safe.

Required Purpose (62.3%):

Automated decision making and profiling We want to make sure decisions we make about you such as credit approval or which product or service to offer you are quick, fair and correct based on what we know about you.

Technical Measure (87.4%):

We also use them to: provide customer-service, marketing, infrastructure and information-technology services; personalise our service and make it work better; process payment transactions; analyse and improve the information we hold (including about your interactions with our service); assist with fraud prevention and detection; and run surveys Where we use another organisation, we still control your personal information.

Required Purpose (66.8%):

We use technology to make decisions automatically and to build profiles about you.

Required Purpose (95.6%), Technical Measure (66.3%):

This technology uses logic that analyses your preferences and how you use our products and services, which helps us to improve your customer experience, making it more relevant for you and allowing you to get the most out of our products and services.

Personal Data (76.8%), Required Purpose (98.7%):

We also use technology to make decisions automatically based on your credit score analysis, which allows us to guarantee your regular payments for our products and services.

Personal Data (79.5%), Required Purpose (91.8%):

This means we'll decide your eligibility for our products and services based on your credit history.

Art. 21 Right to object (89.5%):

You have the right to object to our use of automated decision making in some circumstances.

Required Purpose (96.0%):

Please remember that if you object to certain types of automated decision making, it may affect our ability to provide you with the optimum level of customer service and our ability to provide you with certain products, financing and services.

Organisational Measure (70.4%):

We have strict security measures to protect your personal information.

Organisational Measure (70.4%):

We check your identity when you get in touch with us, and we follow our security procedures and apply suitable technical measures, such as encryption, to protect your information.

Retention (86.9%):

We'll keep details about your account and the products and services you've bought and paid for while you're a customer.

Personal Data (84.6%), Processing (69.8%), Retention (99.4%):

In particular we'll keep the following:

Data type	How long we keep it
Your general account details, including information contained in your customer profile, contact details and purchase history	6 years from the date on which your account is closed
Authentication details for fraud checks (identity document and facial recognition)	Original details for 6 months and details extracted from ID document for 6 years, both from the date of the check
Authentication details for EE Verified ID (identity document and facial recognition)	Original details for 3 years and details extracted from ID document for up to 10 years, both from the date of the check
Financial and payment information, including the information you provide us to carry out credit and affordability checks (if applicable)	Up to 6 years from the date of creation
A summary copy of your bills	6 years from the date of the bill
Customer service records, including calls to our call centres and online chats	Up to 6 years from the date of the interaction, depending on the purpose of the interaction
Loan agreements and payments made	6 years from the date on which the loan contract ends
Marketing preferences, including contact details	27 months from the date your account is closed or, if you're not a customer,

from the date we collected your personal details
Details relating to any dispute
6 years from the date on which the case was closed
SMS content and data relating to calls
7 days from when the SMS is sent (longer if scams or malware are identified) and up to 12 months after the call
If you have itemised billing, we'll keep a record of your outgoing calls for 2 years from the date of the call
In other cases we'll store personal information for the periods needed for the reason we collected it or need to use it.

Retention (83.4%):

When we use the advertising tools of these online platforms, we are both responsible for your information and sometimes act jointly in making decisions about your data while using these tools.

Retention (76.3%):

And sometimes we'll keep it for longer if we need to, for example if we're required to retain data to comply with our legal obligations such as our obligations to HMRC, or if we need to retain it for the purpose of dealing with legal claims.

Retention (86.7%):

You can ask us for specific information on retention periods using the details below.

Data Protection Officer (84.1%), Lodge Complaint (64.5%):

How to contact us and further details
If you are unhappy about how we have handled your personal information you can make a complaint to our data protection officer here who will investigate the matter and report back to you.

Authority (79.3%):

If you are still not satisfied after our response or believe we are not using your personal information in line with the law, you have the right to complain to the Information Commissioner, the regulator in the UK.

Authority (71.7%):

We may also disclose information to regulators.

Required Purpose (72.8%):

Additional needs refers to any information in relation to an adjustment that may need to be made in order for us to appropriately support you.

Non-Personal Data (95.8%):

Aggregated data means grouped information, for example the total number of calls made in a month or total number of minutes called.

Personal Data (97.4%):

Anonymised data means data which has had all personally identifiable information removed.

Organisational Measure (87.6%), Third Party (63.4%):

Binding corporate rules are designed to allow multinational companies to transfer personal information from the European Economic Area (EEA) to their affiliates outside of the EEA and to keep to data-protection legislation.

Non-Personal Data (77.8%), Personal Data (95.0%):

Browser records means the types and nature of websites that you visit, as well as the date, time, length of your internet session, cell site and network used, device information, your data usage and your IP address.

Personal Data (89.0%):

Call records means the date, time, length and cost of your communications, device information, the location the call was made to and from, the network used and the type of communication, including when you make calls abroad.

Processing (85.2%):

Cell site means the place where we keep the antennae and communications equipment we use to create a cellular network over which we transmit communications.

Personal Data (64.8%):

This could be the title of an email, the content of a text message or a recording of a voicemail.

Technical Measure (93.9%):

Cookies are small text files (up to 4KB) created by a website and stored in the user's connected device either temporarily for that session only or permanently on the hard disk (called a persistent cookie).

Required Purpose (90.7%):

Cookies help the website recognise you and keep track of your preferences.

Data Source (63.3%):

Once we've looked at your request, we'll let you know when you can expect to hear from us.

Personal Data (97.1%):

Device information means the MAC address, MSISDN, IMEI, IMSI and advertising identifiers for your device.

Non-Personal Data (92.3%):

Device information also means the hardware manufacturer, model and operating system version for the device.

Processing (78.3%):

Encryption means scrambling information into an unreadable form that can only be translated back

using a special key.

Personal Data (94.8%):

IMEI (international mobile equipment identity) is a unique number given to every single mobile-phone handset.

Data Subject (77.8%):

IMSI (international mobile subscriber identity) a unique number identifying a mobile subscriber.

Personal Data (87.2%):

MSISDN (mobile station international subscriber directory number) means a mobile phone number that uniquely identifies a service subscription.

Personal Data (99.7%):

Personal information means information that identifies you as an individual or is capable of doing so.

Personal Data (74.0%):

Postal Address File means the Royal Mail address database, containing over 30 million UK postal addresses.

Required Purpose (96.6%):

The person you appoint, called an 'attorney', can then use your money to pay bills, sell assets on your behalf and make gifts.

Authority (81.3%):

In the UK an attorney must be registered with the Office of the Public Guardian to be valid.

Personal Data (89.4%):

TV records means details of the devices you use (including the device information such as MAC address or IMSI), the channels, programmes and adverts you watch on them, the services you access, how long you watch and what actions you take when doing so, including how you view, record and fast-forward programmes.
