

Data Controller (97.3%), Non-Personal Data (90.9%), Organisational Measure (88.2%):

Privacy Policy - Perfect Tools Privacy Policy This Privacy Policy applies to all our mobile applications and any related services we offer.

Data Controller (95.6%), Data Subject (63.1%), Non-Personal Data (80.7%), Personal Data (91.9%), Processing (96.0%):

We are committed to transparency and protecting your personal data.

Consent (72.2%):

By using our apps, you agree to the practices outlined in this policy.

Personal Data (96.8%), Processing (93.6%):

Data Collection and Usage: We do not collect or transfer personal user data unless explicitly stated in this policy.

Processing (99.3%), Third Party (93.7%):

Some app features may store data locally on your device (e.g., saved text, preferences), but we do not access or transmit this data to our servers or any third party unless otherwise stated.

Processing (95.7%):

We do not receive or store this ID ourselves.

Non-Personal Data (89.3%), Required Purpose (98.7%), Technical Measure (81.3%):

Analytics and Performance: We use Google Firebase and Google Analytics to collect anonymized usage data (e.g., app crashes, user engagement metrics) solely to improve app performance and user experience.

Personal Data (99.1%):

These services do not collect identifiable personal information unless explicitly configured to do so.

Technical Measure (75.8%), Third Party (63.9%):

Advertising: Some of our apps may display ads using Google AdMob.

Personal Data (91.4%):

We do not store or receive payment details.

Processing (89.9%), Required Purpose (83.0%):

Purchase status may be cached locally for user experience purposes (e.g., removing ads after purchase), but verification occurs securely through Google Play.

Consent (95.3%):

Purchases are not linked to personal user accounts unless explicitly stated and consented to via sign-in (e.g., for syncing across devices).

Personal Data (76.1%), Processing (93.3%), Third Party (93.3%):

Audio data is saved locally on your device and not transmitted to our servers or third parties.

Processing (93.9%):

In most cases, media remains stored locally on your device.

Personal Data (96.7%), Processing (80.2%):

Some features may allow you to send images (e.g., for support, identification, or cloud storage) to our servers or by email.

Organisational Measure (61.7%):

We do not review or monitor uploaded media unless explicitly required for support or moderation, and we disclaim responsibility for the content you provide.

Non-Personal Data (78.3%), Processing (92.8%):

Local Storage: Our app may store data such as your language preference or last-used text locally using browser or device storage.

Required Purpose (87.8%):

This data is only used to improve your user experience and is never transmitted elsewhere.

Personal Data (99.3%):

If you sign in, we may access your public profile (e.g., name, email, avatar) only for features that require user identity (e.g., syncing purchases).

Processing (62.8%):

By using these features, you agree not to upload or share any content that is sensitive, private, illegal, or that you do not have the right to share.

Organisational Measure (88.3%):

Data Security: We take appropriate security measures to protect data stored locally or transmitted through our services.

Organisational Measure (76.8%), Technical Measure (91.6%):

All backend communications (if any) are encrypted using HTTPS and follow best practices to prevent unauthorized access or misuse.

Organisational Measure (64.9%), Third Party (94.2%):

Third-Party SDKs: If our apps include third-party SDKs (e.g., Google Ads, Firebase, Play Billing), we ensure their use complies with Google Play Developer Program Policies.

Personal Data (81.1%):

SDKs used do not sell or misuse your personal or sensitive data.

Organisational Measure (74.3%), Processing (98.3%):

If we become aware that we have unintentionally collected personal information from a child, we will

take steps to delete it.

Data Subject (68.6%):

You assume all responsibility for any data you submit.

Legal Basis (98.2%):

If you are unsure whether your use complies with local laws, you must uninstall the app.
