Data Controller (97.2%), Required Purpose (87.8%):

FireBase Firebase gives you functionality like analytics, databases, messaging and crash reporting so you can move quickly and focus on your users.

Required Purpose (87.1%):

Read more about their privacy policy here: <https://www.firebase.com/terms/privacy-policy.html>
Umeng <https://www.umeng.com/policy.html> If you'd like to opt-out from third party use of this type of information to help serve targeted advertising, please visit the section entitled Opt-out below.

Personal Data (82.4%), Third Party (73.7%):

Opt-out from the use of information to serve targeted advertising by advertisers and/or third party network advertisers: you may at any time opt-out from further allowing us to have access to your location data by: Following the third party instructions directly: For Google (AdMob) please visit <https://www.google.com/ads/preferences/html/mobile-about.html>; Activating Do Not Track Settings in mobile phone The providers of advertising services are bound to comply with Do Not Track settings in mobile phones, but we cannot provide any guarantees on their behalf.

Third Party (64.5%):

We cooperate with several providers of IBA that are listed herein in the subsection "Advertising Companies".

Consent (91.3%), Technical Measure (83.8%):

The reason for switching from device IDs to Advertising Identifier is that advertisers are able to use this identifier only for advertising and for no other purpose, while users can choose to opt out of tracking via the settings of mobile phone.

Organisational Measure (64.4%):

Advertising Identifier is an anonymous identifier for advertising purposes which enables users to reset their identifier or opt out of interest-based ads.

Art. 17 Right to erasure (right to be forgotten) (89.2%), Consent (77.5%), Processing (87.9%):

The parties participating in advertising are obligated to follow users choice for opting out of tracking according to the app store guidelines.

Consent (91.0%), Legal Basis (95.9%):

a GDPR serves as the legal basis for processing operations for which we obtain consent for a specific processing purpose.

Processing (98.8%):

Legal basis for the processing Art.

Contract (61.5%), Legitimate Interest (80.3%):

Whether our company subject to a legal obligation by which processing of personal data is required, such as for the fulfillment of tax obligations, is to be based on Art.

Legitimate Interest (69.8%):

In rare cases, the processing of personal data may be necessary to protect the vital interests of the data subject or of another natural person.

Personal Data (97.9%), Processing (93.5%):

This would be the case, for example, if a visitor were injured in our company and his name, age, health insurance data or other vital information would have to be passed on to a doctor, hospital or other third party.

Legal Basis (95.3%), Legitimate Interest (93.3%), Right (76.6%):

This legal basis is used for processing operations which are not covered by any of the abovementioned legal grounds, if processing is necessary for the purposes of the legitimate interests pursued by our company or by a third party, except where such interests are overridden by the interests or fundamental rights and freedoms of the data subject which require protection of personal data.

Legitimate Interest (83.2%):

When you opt out, you may still see the same number of ads on your mobile device; however, these ads may be less relevant because they wont be based on your interests.

Legal Basis (97.8%):

He considered that a legitimate interest could be assumed if the data subject is a client of the controller (Recital 47 Sentence 2 GDPR).

Contract (68.0%):

Provision of personal data as statutory or contractual requirement; Requirement necessary to enter into a contract; Obligation of the data subject to provide the personal data; possible consequences of failure to provide such data We clarify that the provision of personal data is partly required by law (e.g.

Contract (74.2%):

If the processing of personal data is necessary for the performance of a contract to which the data

subject is party, as is the case, for example, when processing operations are necessary for the supply of goods or to provide any other service, the processing is based on Article 6(1) lit.

Personal Data (90.8%), Processing (75.2%):

Sometimes it may be necessary to conclude a contract that the data subject provides us with personal data, which must subsequently be processed by us.

Contract (63.7%):

The data subject is, for example, obliged to provide us with personal data when our company signs a contract with him or her.

Contract (63.0%):

The non-provision of the personal data would have the consequence that the contract with the data subject could not be concluded.

Contract (60.3%):

The company clarifies to the data subject whether the provision of the personal data is required by law or contract or is necessary for the conclusion of the contract, whether there is an obligation to provide the personal data and the consequences of non-provision of the personal data.

Automated Decision Making (63.7%):

Existence of automated decision-making As a responsible company, we do not use automatic decision-making or profiling.
