TABLEAPP For Restaurateurs TABLEAPP Home TABLEAPP ELITE Delivery Dining Voucher Gift Card Sign in Sign up TABLEAPP Privacy Policy Last Updated:

12 November 2020 This privacy policy (Policy) explains how personal information is collected, used, and disclosed by TABLEAPP Sdn Bhd (TABLEAPP from FunNow, TABLEAPP, we, our or us).

Data Subject (92.4%), Required Purpose (80.4%):

This Policy applies to visitors and users (individually, you) of TABLEAPPs websites, applications and other online services (collectively, our "Services").

Personal Data (61.0%), Processing (98.9%), Recipient (80.8%), Third Party (99.1%):

This involves sharing personal information with third parties, including restaurants, restaurant groups, and restaurant affiliates, amongst others.

Personal Data (92.3%), Processing (90.7%), Recipient (70.2%), Required Purpose (70.4%), Third Party (97.9%):

As Malaysias leading provider of online restaurant reservations, TABLEAPP helps connect diners and restaurants.

Consent (86.7%), Processing (98.5%), Required Purpose (87.6%):

In some cases, these third parties may collect personal information directly from you and share it with us.

Data Controller (97.8%):

We do not share personal information with FunNow.

Art. 17 Right to erasure (right to be forgotten) (73.0%), Processing (85.7%), Third Party (95.7%):

Restaurants at which you make reservations through our Services, Merchants that issue Promotions, TABLEAPP ELITE Membership (as this term is defined in the TABLEAPP Terms of Use), TABLEAPP Gift Cards (as this term is defined in the TABLEAPP Terms of Use), TABLEAPP Dining Vouchers (as this term is defined in the TABLEAPP Terms of Use) you purchase through our Services, takeaway and delivery services you use, and social networks that you use in connection with our Services, may also collect, use, and share information about you.

Personal Data (99.7%), Processing (91.4%):

Part I Information We Collect Personal information is data that identifies, relates to, describes, can be used to contact, or could reasonably be linked directly or indirectly to you.

Personal Data (98.7%), Retention (92.8%):

For purposes of this Policy, there is no meaningful distinction between the terms personal information and personal data. We collect personal information about you in various ways when you use or visit our Services.

Personal Data (84.0%), Required Purpose (96.5%):

We use this information to, among other things, provide the functionality and improve the quality of the Services, and personalise your experience.

Consent (94.5%), Data Source (72.6%), Non-Personal Data (83.0%), Personal Data (99.6%), Processing (94.8%):

For example, we may collect your name, email address, postal address, phone number (including your mobile phone number), billing information, survey responses, demographics, primary dining city, current and prior restaurant reservation details, favourite restaurants, special restaurant requests, passwords, contact information of people you add to, or notify of, your restaurant reservations through our Services, names and email addresses of recipients of TABLEAPP Gift Cards (as this term is defined in the TABLEAPP Terms of Use), and other information you provide on our Services.

Personal Data (89.6%), Required Purpose (66.7%):

If you use our mobile application to make reservations we may also collect your mobile device ID, your precise location data and the restaurant search locations you select.

Personal Data (98.8%), Processing (96.3%):

For certain Services, credit or debit card account information may be required, as further described in the section entitled Payment Card Information below.

Consent (96.9%), Data Subject (67.4%), Processing (98.6%):

We may also obtain information from other sources, such as third-party sites, applications and services (each, a Third-Party Platform) through which you connect with our Services, and combine that with information we collect on our Services. You may choose not to provide some of the personal information described above.

Automated Decision Making (94.0%):

When you visit our Services, some information is automatically collected.

Non-Personal Data (89.9%), Processing (77.0%):

For example, when you visit our Services, we may automatically collect your location, computer operating system, Internet Protocol (IP) address, access times, browser type and language, and the website you visited before our Services.

Technical Measure (99.6%):

We also collect information about your usage and activity on our Services using certain technologies, such as: Cookies, Web Beacons and other technologies.

Required Purpose (94.4%):

Part II How We Use Information We Collect We use personal information collected through our Services for purposes described in this Policy or disclosed to you on our Services or otherwise in connection with our Services.

Consent (76.1%), Personal Data (91.6%), Processing (84.3%), Required Purpose (97.4%), Third Party (91.2%):

For example, we may use your information to: make and change your restaurant reservations made through our Services; offer you, or provide you with the services, products, and functionality offered through our Services and fulfilling your requests; email TABLEAPP Gift Cards to designated recipients; deliver food to designated recipients; operate and improve our Services; understand you and your preferences to enhance, personalise and customise your experience and enjoyment using our Services, such as understanding your dining history to make recommendations about other restaurants you may like; process and deliver contest entries and rewards; display relevant advertising; send you information relating to our products and services, including reservation confirmations, receipts, technical notices, updates, security alerts and support and administrative messages; communicate with you about contests, offers, promotions, rewards, upcoming events and other news about products and services offered by TABLEAPP, our subsidiaries and affiliates, select restaurants and our other selected partners; link or combine with other personal information we get from third parties, to help understand your needs and provide you with better service; authenticate your credit or debit card account information; and protect, investigate and deter against fraudulent, unauthorised or illegal activity.

Personal Data (70.8%), Processing (77.2%):

Information Shared with Restaurants When you make a Restaurant reservation through our Services, your information is provided to us and certain information is provided to the restaurants with whom you choose to reserve.

Required Purpose (87.5%):

In order to facilitate your reservation, certain information is provided to that restaurant, just as it would if you made a reservation by calling the restaurant, emailing the restaurant or using the restaurants website.

Personal Data (84.2%):

When you make a restaurant reservation through our Services, we may also share with the restaurants additional information such as information about your dining preferences and history, or information that we collect via Third-Party Platforms.

Processing (74.0%):

If you provide comments about a restaurant through our Services, these comments may be shared with that restaurant.

Personal Data (82.1%):

We will not tie your comments with other information that can identify you, but a restaurant may be able to tell who you are from your comments, particularly if you give your name in the comments or provide contact information such as an email address.

Personal Data (83.6%):

If you provide a mobile phone number, restaurants may send you text messages regarding your reservation.

Personal Data (84.3%):

Payment Card Information To use certain Services, such as to make reservations at certain restaurants; to purchase TABLEAPP ELITE Membership, TABLEAPP Gift Cards, TABLEAPP Dining Vouchers, or other products or services; and to place delivery or takeaway orders at certain restaurants, we may require credit or debit card account information and your personal data such as name, email, phone number.

Personal Data (94.2%):

TABLEAPP does not hold or have access to your debit and/or credit card details.

Personal Data (96.3%):

For information about the security of your credit or debit card account information, see Section called Security of Your Personal Information below.

Personal Data (88.0%):

Information You Share Socially Our Services may allow you to connect and share your actions, comments, content, and information publicly or with friends.

Personal Data (65.5%):

You also have the option of indicating special preferences or providing comments about your reservation that TABLEAPP will pass on to that restaurant.

Consent (85.0%), Required Purpose (87.3%), Third Party (97.0%):

Sharing with Others We do not share your personal information with third parties other than as described above and as follows: We may share personal information when you authorise us to

share your information with other third parties (such as the restaurants at which you make reservations or place delivery and takeaway orders through our Services) for their own marketing purposes, which are subject to the separate privacy policies of such third parties.

Non-Personal Data (98.3%), Required Purpose (91.7%):

We may share aggregate statistical data for the improvement of services offered by our Services.

Required Purpose (86.8%):

We share personal information with third parties who provide services to us, such as data collection, reporting, ad response measurement, and site analytics, as well as assistance with delivery of relevant marketing messages and advertisements.

Processing (96.2%), Technical Measure (67.1%):

These third parties may view, edit or set their own cookies.

Technical Measure (84.5%), Third Party (98.9%):

We and our third party service providers, advertisers, and/or partners may also place web beacons for these third parties.

Legal Basis (69.0%), Legitimate Interest (62.5%), Required Purpose (63.5%):

We may disclose your personal information (i) to comply with laws and to respond to lawful requests and legal process, (ii) to protect the rights and property of TABLEAPP our agents and customers, and others, including to enforce our agreements, policies and terms of use, and (iii) in an emergency to protect the personal safety of TABLEAPP, its customers, or any person.

Processing (95.6%):

We may disclose or transfer your personal information to a third party if we sell, transfer, divest, or disclose all or a portion of our business or assets to another company in connection with or during negotiation of any merger, financing, acquisition, bankruptcy, dissolution, transaction, or proceeding.

Consent (81.4%):

We may otherwise share your information as directed by you or subject to your consent.

Processing (97.4%), Technical Measure (98.5%):

When your credit or debit card account information is being transmitted to our Services or through our Services, it will be protected by encryption technology, such as Secure Sockets Layer (SSL).

Processing (97.6%):

To be clear, TABLEAPP does not itself store your credit or debit card account information, and we do not have direct control over or responsibility for your credit or debit card account information.

Processing (73.5%):

Our contracts with third parties that receive your credit or debit card account information require

them to keep it secure and confidential.

Organisational Measure (62.4%), Processing (89.0%):

Nonetheless, we cannot guarantee that transmissions of your credit or debit card account information or personal information will always be secure or that unauthorised third parties will never be able to defeat the security measures taken by TABLEAPP or our third-party service providers.

Personal Data (99.1%):

You should not share your user name, password, or other security information for your TABLEAPP account with anyone.

Personal Data (89.1%):

You may also send requests about your contact preferences, changes to your information including requests to opt-out of sharing your personal information with third parties to our contact information below.

Consent (83.6%):

Cookie choices.

Consent (63.0%):

Most mobile devices allow you to turn off location services.

Third Party (73.8%):

For more information about how to do this, please contact your mobile service carrier or your device manufacturer.

Consent (75.2%):

If you choose to turn off location services, this could affect certain features or services of our Services.

Right (76.2%):

Part VI Contacting TABLEAPP You are entitled to know what personal data we hold about you and you may ask us to make any necessary changes to ensure that it is accurate and kept up to date.

Data Controller (94.1%):

For questions or opinions on TABLEAPP's privacy policy, contact TABLEAPP via email at mycs@myfunnow.com or by postal mail at: Menara HLX, Level 9, No.3, Jalan Kia Peng, 50450 Kuala Lumpur, Malaysia.

Consent (72.5%), Required Purpose (88.3%):

You are free to decide whether or not to accept the modified Policy, but accepting the Policy is required for you to continue using the Services.
