The purpose of this policy is to inform those accessing State Web sites and mobile apps about the collection and use of the personally identifiable information of its users.

Authority (77.9%), Consent (95.9%):

Scope This privacy policy statement applies to all State executive branch agency Web sites and mobile apps except those administered by the State Board of Education, the Board of Regents, institutions of higher education, and except as described below in the section called State Agency Privacy Policies and How They Relate to This Policy. This privacy policy specifically applies to the Utah Department of Transportation, UDOT, as one of the State executive branch agencies.

Automated Decision Making (94.5%), Non-Personal Data (86.6%), Organisational Measure (62.8%), Personal Data (99.9%), Processing (99.4%), Required Purpose (97.6%):

Governmental Internet Information Privacy Act Description Definition of Personally Identifiable Information For the purposes of this policy personally identifiable information means any information collected online that could serve to identify an individual, such as: First and last name Physical address Email address Telephone number Social Security number Credit card information Account Number Bank account information Any combination of personal information that could be used to determine identity Collection of Information The following information may be automatically collected and retained if you look or search through our web pages or mobile apps, or download information: The Internet domain and Internet Protocol (IP) address of the computer you are using to access our site; The type of browser and operating system used to visit our site; The date and time of when you access our site; and Which portions of the website or mobile app you visit The data collected serve

as part of our statistical analysis about the use of our Web sites and mobile apps so we may better design online services and improve access to them.

Authority (60.0%), Personal Data (98.8%):

We do not attempt to gain personally identifiable information about individual users and associate it with IP addresses unless explicitly stated as part of a government agency service.

Personal Data (93.6%):

The State does not use the information automatically collected to ascertain your personally identifiable information.

Personal Data (86.0%), Processing (97.2%), Required Purpose (92.1%):

The State of Utah may detect user IP addresses for providing location based user information and services.

Personal Data (74.1%), Processing (98.6%), Third Party (96.0%):

The State does not maintain or collect user IP addresses, or disclose such addresses to any third parties.

Consent (84.1%):

Unless you choose to make your personally identifiable information available to us, the State does not collect such information from you.

Organisational Measure (72.7%):

The State does not use or place spyware on your computer.

Processing (70.6%), Required Purpose (89.4%):

Be aware that government agencies may request personally identifiable information from you in order to perform requested specialized services.

Technical Measure (64.3%), Third Party (81.0%):

Mobile Apps UDOT is using UDOT Click n Fix, an online and mobile service request system, developed by SeeClickFix and Civic Plus.

Data Subject (60.3%), Processing (96.4%):

Users display name will also be visible unless submitted as Anonymous.

Personal Data (95.5%):

Users email addresses will never be displayed publicly.

UDOT is using UDOT Traffic, an online and mobile traffic and road condition information system, developed by Arcadis IBI Group.

Non-Personal Data (93.2%):

UDOT Traffic allows Utah citizens to access traffic speeds, road conditions, crash and closure information, cameras, construction impacts, and weather alerts.

Required Purpose (95.6%):

It is a public application and can be used as a guest without any login credentials or with a login to create and save designated routes and other personalization options.

Personal Data (93.5%), Required Purpose (98.9%):

UDOT Traffic may also use optional location information to provide alerts and personalized app functionality.

Non-Personal Data (80.1%), Required Purpose (84.7%):

UDOT Traffic does collect crash logs and diagnostics for analytics and improvements.

Processing (97.5%), Required Purpose (97.8%):

How Personally Identifiable Information Is Used by the Governmental Entity Email or other information requests sent to a State Web site or mobile app may be saved and used to respond to the request, forward the request to the appropriate agency, communicate updates to the State site that may be of interest to citizens, or provide the State web or app designer with valuable customer feedback to assist in improving the Web site or mobile app.

Authority (63.5%), Legal Basis (63.8%), Third Party (92.7%):

Any personally identifiable information an individual provides to a State site or app will be used solely by the State of Utah, its entities, and third party agents with whom it has contracted to perform a state function on its behalf, unless the information is designated as public record by an individual State agency as authorized under the Government Records Access and Management Act (GRAMA), and the State agency's Web site or mobile app provides conspicuous notice that such information is subject to public access.

Legal Basis (77.6%):

Collection and Use of Information Children's Personally Identifiable Information Except as otherwise permitted by law, the State does not knowingly collect and use or disclose the personally identifiable information of a child under the age of 13.

Legal Basis (96.5%):

Legal Basis (99.1%):

Personally Identifiable Information Available or Collected from Governmental Web Sites or Mobile Apps Information collected is subject to the access provisions of GRAMA and other applicable sections of the Utah Code, federal regulations, and federal law.

Legal Basis (98.3%), Processing (88.8%):

However, in these instances you will be notified on either the Utah.Gov portal or on the agency Web site under the conditions described below in State Agency Privacy Policies and How They Relate to This Policy. All records that are prepared, owned, received, or retained by a governmental entity that may be reproduced by certain means are considered public, unless they are private, controlled or protected as outlined in GRAMA, or are records to which access is restricted according to court rule, other State law, federal law, or federal regulation.

Required Purpose (89.4%):

Personally Identifiable Information is used by the governmental entities for the purpose of conducting official state business.

Legal Basis (91.8%), Processing (98.1%):

A governmental entity may share Personally Identifiable Information with another governmental entity if it is designated as a record that is private, controlled, or protected as described in Section 63-2-206 unless such data sharing is expressly prohibited, authorized or required by federal law, state law, or federal regulation.

Legal Basis (61.7%):

In some instances a Governors directive or executive order may limit or prohibit data sharing even though Section 63-2-206 may permit such data sharing.

Organisational Measure (96.9%):

The State has taken precautions to protect personally identifiable information from loss, misuse, or alteration.

Contract (63.6%):

Any authorized third parties responsible for this information are committed to the same principles, and are required by contract to follow the same policies and guidelines as the State of Utah in protecting this information.

Organisational Measure (93.9%), Right (79.8%):

The State also reserves the right to use any legally appropriate measures to prevent, monitor, and investigate any attempt to deface, delete, or otherwise tamper with or abuse a State Web site, server, database, information system, or other State technology asset.

Processing (99.4%):

Any State agency or organization who collects or uses Personally Identifiable Information in a manner inconsistent with this policy as a result of an applicable State law, federal law, or federal regulation, will adopt and issue a privacy policy of its own.

Legal Basis (96.8%):

An agency may not substitute its own privacy policy for this policy, unless a state law, federal regulation or federal statute requires an agency to treat personally identifiable information in a way that is inconsistent with this policy.

Legal Basis (98.0%):

In this case, an agency may opt-out of the specific provision of this policy which conflicts with the state statute, federal regulation, or federal statute.

Authority (90.0%), Legal Basis (77.2%):

A full description of how agencies are to inform you if your personal information is treated any differently than as described in this policy is provided in R895-8 of the Utah Administrative Code, which governs the actions of state agencies.

Organisational Measure (79.9%):

Changes to and Versions of the Privacy Policy This privacy policy may be changed at any time; any changes will be posted on this web page.
