Consent (68.9%), Required Purpose (78.7%), Retention (86.9%), Third Party (96.1%):

This does not include website hosting partners and other parties who assist us in operating our app, conducting our business, or serving our users, so long as those parties agree to keep this information confidential.

Legal Basis (82.8%), Processing (90.7%), Required Purpose (87.3%), Right (90.4%):

We may also release information when its release is appropriate to comply with the law, enforce our app policies, or protect ours or others' rights, property or safety.

Personal Data (90.2%):

PII, as described in US privacy law and information security, is information that can be used on its own or with other information to identify, contact, or locate a single person, or to identify an individual in context.

Processing (92.7%), Required Purpose (91.8%):

However, non-personally identifiable visitor information may be provided to other parties for marketing, advertising, or other uses.

Required Purpose (97.4%), Technical Measure (89.6%):

Google, as a third-party vendor, uses cookies to serve ads on our site.

Data Subject (65.7%):

Users may opt-out of the use of the DART cookie by visiting the Google Ad and Content Network privacy policy.

Third Party (75.7%):

Google's advertising requirements can be summed up by Google's Advertising Principles.

Technical Measure (95.2%):

We have implemented the following: Remarketing with Google AdSense We, along with third-party vendors such as Google use first-party cookies (such as the Google Analytics cookies) and third-party cookies (such as the DoubleClick cookie) or other third-party identifiers together to compile data regarding user interactions with ad impressions and other ad service functions as they relate to our app.

Legal Basis (79.1%), Scale Non-EU (67.5%):

Fair Information Practices The Fair Information Practices Principles form the backbone of privacy law in the United States and the concepts they include have played a significant role in the development of data protection laws around the globe.

Legal Basis (86.8%), Organisational Measure (67.6%):

In order to be in line with Fair Information Practices we will take the following responsive action, should a data breach occur: We will notify the users via in-app notification or in next app update We also agree to the Individual Redress Principle which requires that individuals have the right to legally pursue enforceable rights against data collectors and processors who fail to adhere to the law.

Data Subject (75.0%):

This principle requires not only that individuals have enforceable rights against data users, but also that individuals have recourse to courts or government agencies to investigate and/or prosecute non-compliance by data processors.
