

Art. 15 Right to access by the data subject (65.3%), Art. 17 Right to erasure (right to be forgotten) (66.9%), Consent (92.8%), Data Controller (99.2%), Data Source (83.2%), Data Subject (96.5%), Non-Personal Data (86.3%), Organisational Measure (86.6%), Personal Data (99.7%), Processing (99.7%), Required Purpose (98.4%), Right (92.6%), Third Party (91.8%):

Privacy Policy (US) Privacy Policy About Us and this Policy This Privacy Policy explains when we collect information about you, including Personal Information (PI), what we collect, why we collect it, how we use it, who we share it with, where it is processed, how we handle it and your choices and legal rights associated with this information.

Consent (71.4%), Personal Data (91.1%), Required Purpose (88.1%):

Your use of our websites, products, services, or other online activities (Services) constitutes your consent to these practices.

Consent (98.0%), Data Controller (87.4%), Non-Personal Data (75.2%), Organisational Measure (67.1%), Personal Data (99.6%), Processing (99.6%), Required Purpose (92.5%), Technical Measure (67.1%), Third Party (94.8%):

Scope of this Policy Sony Interactive Entertainment LLC, Naughty Dog LLC, Sucker Punch Productions LLC, Insomniac Games Inc., Bluepoint Games Inc., Valkyrie Entertainment LLC, Haven Interactive Studios ULC, Repeat Technologies Inc., Firewalk Studios, LLC, PlayStation Publishing LLC, and all Americas subsidiaries using the brand name PlayStation ("SIE", we, our, and us) controls the information collected when you interact with PlayStation through our Services.

Data Controller (98.1%), Data Source (82.9%), Processing (98.7%):

Information That We Collect or Receive We collect and receive information from and about you by different means as described below.

Data Processor (67.4%), Data Source (65.9%), Processing (90.9%):

Information You Provide to Us We collect the information that you directly provide to us, such as when you enter it on our website, or include it in an email that you send to us.

Non-Personal Data (60.6%), Personal Data (99.8%), Processing (96.5%):

This type of collection often occurs through our business support processes, such as: Registration or PlayStation Network Account (Account) Creation Processes, where we ask you to provide information such as: Contact info (e.g.

Personal Data (88.3%):

name, email or physical address, country, or phone number); Account Administration Info (e.g.

Personal Data (99.6%):

user name, password, or security questions); Billing Information (e.g.

Personal Data (99.7%):

credit card or other payment number, billing address); Date of Birth; and Profile Info (e.g.

Personal Data (82.4%):

profile photo, languages, likes).

Personal Data (68.5%), Required Purpose (87.4%):

Purchase Processes, where we may ask you to provide additional billing info to process payment.

Personal Data (98.8%):

Technical and Customer Support Processes, where we may ask you to provide contact info and information related to the issue you are contacting us about.

Processing (67.0%):

We may also record calls you make to PlayStation Support.

Consent (96.4%), Personal Data (99.2%):

Other business processes, where we may ask you to provide information such as name, email address, and Account ID if you participate in market research surveys, beta and other user testing research, competitions, promotions or events or agree to receive marketing information from us.

Data Source (90.5%):

In addition, we collect the information that you provide by entering it into certain Service features.

Personal Data (99.5%), Required Purpose (96.7%):

Please make sure that any personal details which you provide are accurate and current.

Organisational Measure (93.2%), Personal Data (96.8%):

We will send any important information relating to your Account to you using the contact information you provide (including Account security and privacy notices).

Data Source (65.9%), Processing (92.3%):

You can check and update some of the information you have provided to us any time via Account Management.

Automated Decision Making (96.7%), Data Source (80.8%):

Automatic Information Collection We may also automatically or passively collect information about your use of our Services, see the sub-sections below for a list of categories by sources of such information.

Automated Decision Making (66.2%):

Consoles and other devices Each time you use a PlayStation console or a PlayStation app on a PlayStation console or other devices (such as a mobile phone or PC), we may automatically collect information about your use of that device and app.

Processing (99.0%):

If you sign into an Account, we may combine it with other information we have for that Account.

Personal Data (98.8%):

The information that we collect from devices may include: Device identifiers such as your PlayStation console ID, mobile device IDs, cookie IDs, or serial numbers Network identifiers such as your IP address and MAC address Account authentication tokens that avoid you having to log in repeatedly Content and ads downloaded to your device for the online services that you access Your current and recent locations (e.g.

Non-Personal Data (76.7%), Technical Measure (77.4%):

on PS Vita) Trophies, scores and rankings achieved online and offline Information about the device you are using, any connected peripherals (such as controllers and VR headsets) and how you have configured them Information about how you use the software installed on your device (which may include information about the use of the software offline), such as date and time of use, what games or music you play, what content you browse, share or download, what services you access and for how long, including how often you use chat and other communication applications The actions you take within games or apps published by SIE (e.g.

Non-Personal Data (77.8%):

what obstacle you jump over and what levels you reach) Software errors and load times details, and if you have the "Report System Software Errors Automatically" setting turned on, detailed information about the crash, including screenshots and video captured before the crash On a device or app basis, depending on your region, and for games released after March 2018, you may be provided with choices that control our collection of information.

Processing (98.4%):

Log your activity on our PlayStation Network servers.

Personal Data (78.1%):

Likewise, when you use other features such as voice or text messaging, blogs, surveys, user-generated content, activity streams, or social media, we may first collect the information you enter into the feature.

Non-Personal Data (74.6%), Organisational Measure (76.4%), Personal Data (84.4%):

For example, we may receive device and Account identifiers, such as your PlayStation Network Online ID and Account ID.

Non-Personal Data (90.8%), Personal Data (86.5%):

We may also receive details of: the content, advertisements, and other information your devices

request and receive from our servers (such as store content, trophies, and friends lists) and when you receive and interact with them; what content and apps you add to your 'basket' in our Store; and what you purchase.

Third Party (62.6%):

Games Each time you play a game developed and/or published by us or another Sony Interactive Entertainment company we may automatically: Collect information about your use of that game on your device (including for offline games, which may include information about the use of the game offline).

Non-Personal Data (97.5%):

For example, we may receive device and Account identifiers, such as PlayStation Network Online ID, information about how you use our online games, and which players you play against.

Non-Personal Data (94.3%), Recipient (71.8%), Technical Measure (97.3%), Third Party (92.6%):

Websites, Marketing, and Advertising Each time you visit our websites or receive and interact with our marketing communications and advertising on our and third-party websites and services, we may automatically log your activity on web, emails, or advertising and marketing servers we control through cookies (small information files placed on a hard drive), web beacons, tracking pixels, browser configuration details (e.g.

Non-Personal Data (91.8%):

browser type, list of installed plugins and list of installed fonts), and embedded scripts (programming code that is temporarily downloaded onto a device).

Data Source (75.8%), Third Party (76.7%):

Information We Receive from Third Parties We may receive information, including the following, from third party sources and combine it with information we already directly collect from you.

Third Party (95.5%):

Game, social media, or other information, from those third parties or services you link your Account with, or who provide information to power PlayStation Network features.

Data Source (82.2%):

Information from other users, for example if those users have given us access to their profiles and if you are one of their connections, or information about you is otherwise made accessible to us by them.

Authority (89.8%), Personal Data (99.7%), Recipient (73.9%), Third Party (65.7%):

Information from third-parties as appropriate given our relationship, for example from anti-fraud

service providers we might obtain fraud risk scores; from law enforcement or partners, we might obtain IP addresses and details of suspected unlawful or malicious activity.

Data Source (64.8%), Personal Data (72.0%), Required Purpose (99.5%):

Card account update information provided by your bank to help keep your payment cards up to date on your Account.

Non-Personal Data (88.4%), Personal Data (65.4%), Required Purpose (92.7%):

For example, we may process together information we have collected from you, your visits to our website, your device gameplay history, etc., for the purposes explained in this Privacy Policy.

Required Purpose (99.0%):

Services We may use your information to operate our Services.

Required Purpose (98.3%):

We may also personalize the services we provide to you based on the information we have collected about you (for instance, we may use your IP address to display content relevant for your area).

Personal Data (84.7%), Processing (95.5%), Required Purpose (94.2%):

And, to enable accessibility settings functions (for you, or other users), we may convert your voice data to text.

Required Purpose (99.5%):

For example, we may use the information to develop and optimize user interfaces or game performance.

Processing (64.0%):

Moderation and Safety We cannot monitor the whole of PlayStation Network and make no commitment to do so.

Art. 17 Right to erasure (right to be forgotten) (86.4%), Personal Data (77.7%), Processing (84.9%):

However, we reserve the right in our sole discretion to monitor (including through the use of technology that automatically detects images, text, and URLs that breach our Terms of Service) and record your online activity and communication throughout PlayStation Network and to remove and/or delete any content.

Required Purpose (84.2%):

We may use the information we collect (as described above) to detect breaches and enforce our PlayStation Network Terms of Service, Software Usage Terms, System Software License Agreements, any other terms of service you have agreed to and any rules or codes of conduct applicable to your use of PlayStation Network.

Consent (86.0%):

For further information on these options, refer to the Choices section of this Privacy Policy below.

Required Purpose (74.8%):

You have options to control our use of information we have collected about you to personalize marketing to you, and can learn more about them in the Choices section of this Privacy Policy.

Legitimate Interest (68.0%), Required Purpose (73.8%):

Legal and Compliance We may use the information we collect for auditing, compliance and legal purposes (for example, protecting the rights and property of Sony, its partners and customers).

Required Purpose (90.4%):

Security In order to help protect you and others, we may use the information we collect and receive in order to: Identify fraudulent activities and transactions.

Personal Data (71.0%), Processing (97.7%):

We do not and will not accept money in exchange for sharing PI.

Recipient (88.1%):

We may share your information with the following recipients and for the following purposes.

Personal Data (98.7%), Required Purpose (76.9%):

Partners We may share information with the following partners: Financial organizations, such as payment details in order to complete your purchase, obtain payment and carry out credit and anti-fraud checks.

Required Purpose (96.9%), Third Party (94.6%):

Game publishers, such as the content you have purchased from PlayStation Store so that they can deliver that content to you in-game, and ensure your entitlement to access that content is reflected across different gaming platforms.

Consent (67.8%), Required Purpose (79.3%):

Other service, application or website providers, for operational purposes, or for additional purposes, with your permission (such as when you link your Account to your account with them).

Required Purpose (71.7%):

Security and fraud partners, as appropriate to support the security of our Services, fraud prevention, or protect PI.

Personal Data (98.3%), Processing (85.4%), Required Purpose (83.2%):

Sony Group, for purposes related to providing you with content, products, or services, including games, videos, music, software and software applications; community administration or development; to support various business and security processes; research and development; and

so that other Sony group companies may contact you about products, services or other offerings that may be of interest to you.

Processing (98.5%):

We may also index and use content which you have shared publicly, as part of our platforms features like Game Help, PlayStation profiles, or future PlayStation Network services.

Personal Data (80.7%):

For example, when you want to post in a forum, you provide us the content for the post (which could contain PI which we collect and then display for you on the forum).

Processing (98.1%):

This information includes: Your PlayStation Network Online ID "About Me" statement, avatar, language, country and gaming scores and statistics Content you have shared You are responsible for any content you share on forums, communities, chat and messaging features.

Authority (86.1%), Required Purpose (97.6%):

Government Authorities We may share your information with police and other government authorities if we believe that it is reasonably necessary to comply with a law, regulation, or legal process, to detect, protect and enforce the safety of any person, their property or their rights, to address fraud and security and report criminal activity.

Personal Data (78.2%), Required Purpose (94.7%):

Information You Provide to Us A parent only needs to provide limited information about their child (an email address and date-of-birth) to create an Account for their child.

Personal Data (78.4%):

Providing gender is optional.

Consent (64.2%):

Only with the parent's approval to create an Account for the child, can a child add their address.

Organisational Measure (69.4%):

Information You May Choose to Share A parent can control, through the Free Communication setting on their child's Account, their child's ability to use (and share PI through) text chat, voice chat, video chat, and other messaging features from communicating directly with other users in games, apps or via system software features.

Personal Data (99.3%):

A parent can control their child's ability to post or view user-generated content, including photos, videos, drawings, and content imported from outside sources (any of which might contain PI) through the user-generated content control.

Organisational Measure (85.3%), Processing (89.5%):

If you discover your child under the age of 13 has provided PI to us without your consent, once we verify you are the child's parent, we will promptly: (a) provide direct notice to you indicating what, if any PI of your child has been collected and how it has been used or disclosed; (b) remove and cease the use of your child's PI or other information from our database and (c) by notice to you, confirm compliance with the foregoing.

Scale Non-EU (95.6%):

International Transfers Our Services are operated in the United States, United Kingdom, Japan, and other countries/areas/regions around the world.

Authority (60.4%), Processing (98.7%), Right (89.5%):

Please be aware that information we collect, including PI, will be transferred to, processed and stored in these countries/areas/regions and, as such, courts, law enforcement, and other authorities in these countries may, in certain circumstances, be entitled to access your PI.

Contract (84.5%), Legal Basis (98.8%), Organisational Measure (73.9%), Processing (95.9%):

We ensure there are adequate safeguards in place when transferring your information outside your country by entering contracts with the recipients, European Commission Standard Contractual Clauses or otherwise that the transfer only occurs where permitted by applicable law.

Processing (96.3%):

Business transfer partners, in connection with the negotiation and sale of the applicable business, a portion of the business, or certain stock and/or assets, or a corporate merger, consolidation, restructuring, or other corporate change including, without limitation, during the course of any due diligence process.

Processing (98.6%):

By using our Services or providing us with any information through them, you acknowledge this transfer, processing, and storage of your information in these countries in which the privacy laws may not be as comprehensive as those in the country where you reside or are a citizen.

Organisational Measure (84.6%):

Security and Retention We seek to maintain appropriate technical and organizational security measures that conform to industry standards to help protect your information against unauthorized or accidental disclosure, access, misuse, loss, or alteration.

Organisational Measure (65.9%):

Prevent abuse of and investigate and/or prosecute any potential threat to or misuse of our Services.

Personal Data (67.7%):

Please keep any passwords and passcodes for your devices and accounts safe and do not disclose them to anyone else.

Processing (83.3%), Retention (94.1%):

We may retain information about you as long as it is necessary for us to fulfill the purposes outlined in this policy.

Retention (89.0%):

In addition, we may retain your information for an additional period as is permitted or required to, among other things, comply with our legal obligations, resolve disputes, and enforce agreements.

Legal Basis (71.3%), Retention (92.4%):

Where required by applicable law, we shall delete your information when the information is no longer necessary or requested to do so.

Required Purpose (97.2%):

Among others, you have the following choices: Personalized content and marketing: Whether we may use the information we have collected about you to personalize advertising and purchase recommendations.

Required Purpose (94.8%):

Personalized communications: Whether we may use the information we have collected, to personalize emails and notifications.

Non-Personal Data (89.5%), Required Purpose (80.1%):

Limited Data/Service Data and Full Data/Advanced Data collection: Whether we may collect only the Limited Data necessary to provide our Services, or Full Data to enable a richer experience.

Personal Data (74.6%):

Sharing social PI: Whether to share other information, such as your real, name, PlayStation Network friends, or activities.

Art. 15 Right to access by the data subject (65.6%):

Right of Access: You have the right to request that we inform you of the PI we have collected, used and shared about you, and to obtain a copy of it.

Art. 17 Right to erasure (right to be forgotten) (78.1%), Legal Basis (97.7%):

Right of Deletion: You have the right to request that we delete the PI we have collected or retained about you in some circumstances as defined by law.

Art. 17 Right to erasure (right to be forgotten) (80.7%):

To request removal of certain of your PI from a blog, forum, or message board, please contact us as described in the Contact Us section above.

Art. 17 Right to erasure (right to be forgotten) (65.4%):

Please note that a child's Account can still (1) Send and receive predetermined text messages created by a game or app, (2) Create and see other users' in-game character names, designs, and clan titles, (3) Use communication services via an Internet browser unless specifically disabled, and (4) Communicate via system messaging on PS3 and PS Vita.

Art. 17 Right to erasure (right to be forgotten) (84.6%), Legal Basis (69.6%):

Contact Us Please contact us with any privacy questions by phone at 1-800-345-7669 or online at <http://www.playstation.com/support>.

Required Purpose (77.2%):

Following your request for deletion, please be aware that the information that we collect about you may still be retained for legal, accounting, business continuity (backup), anti-fraud and community reasons.

Required Purpose (93.1%):

In some cases, your choices to provide, change or delete information may affect our ability to deliver our Services, or your user experience.

Legal Basis (65.3%):

Service providers are required to adhere to this Privacy Policy, and confidentiality and security requirements.

Personal Data (69.5%):

After you submit a request, we will require you to confirm your request, and verify your identity by requesting details of your account, devices, payment instruments or past transactions.

Right (80.6%):

We reserve the right to deny your requests if we cannot verify your identity.

Required Purpose (97.4%):

Right to Opt-Out of Share We may share data about your activities related to PlayStation services, websites, and apps with third parties to provide ads that are more personalized to you on third-party platforms.

Personal Data (99.3%):

You may opt-out of our sharing of your personal information by visiting the link below and completing the web form: <https://www.playstation.com/en-us/legal/third-party-ads/>.

Organisational Measure (80.9%):

We have undertaken this privacy initiative and our websites have been reviewed and certified by ESRB Privacy Online to meet established online information collection and use practices.

Organisational Measure (71.9%):

As part of the privacy program, we are subject to frequent audits of our sites and other enforcement and accountability mechanisms administered independently by ESRB.

Organisational Measure (87.8%):

Changes to this Policy We may revise this Privacy Policy at any time and we will update this Policy with any revisions.
